

SECRETARY GORE GETS IN ON TARIFF MELEE

DEMOCRATS THE ONLY TARIFF
REVISIONISTS AFTER ALL.

Farmers Who Expected the Repub-
licans to Revise the Tariff
Downward Have Another
Guess.

Washington, D. C., May 17.—Sen-
ator Gore has offered an amendment
to the pending tariff bill to place the
following articles on the free list:
Cotton bagging and ties and barbed
wire. The senator believes that as
these articles are indispensable to
the farmers of the country that they
should be obtainable at the least pos-
sible price.

The farmers of the country who
put any faith in the republican
promise of tariff revision downward
will be sadly disappointed to learn
that the republicans unanimously de-
feated an amendment offered by a
democrat to place farming implements
on the free list, while the democrats
voted solidly for the amendment.
The republicans are more friendly
to the implement trust than they
are to the American farmer.

In last Wednesday's debate in the
senate, Senator Flint, Hale and
Smoot stated that the retail mer-
chants and jobbers were responsi-
ble for the high and exorbitant
prices which the consumers are com-
pelled to pay for the necessities of
life, and not to the tariff or the
trusts.

Senator Gore arose and said that
though he was not the chosen de-
fender of the retailers of the coun-
try, but in their behalf he desired
then and there to enter plea of "not
guilty." He showed that certain ar-
ticles were sold to the retailer by
the manufacturer on the express
condition that he sell them at a cer-
tain price, that the retail price of
some brands of shoes, hats, shirts
and other clothing are fixed by the
manufacturer. Thus the retailer has
no option in the matter other than
sell at the price dictated by the
manufacturer or be refused further
orders of goods. He showed also that
certain cotton and woolen mills in
New England had in 1907 declared
dividends of 66 and 67 per cent,
which shows conclusively that it is
the protected manufacturer who
makes the enormous profits and
causes the high prices which the
consumer has to pay.

Congressman McGuire and Chair-
man Norris of the Oklahoma repub-
lican committee are in the city try-
ing to secure the position of National
Bank Inspector for Mr. Butcher of
Tonkawa. In the opinion of these
masters of the republican party in
Oklahoma, there is no good republi-
can timber for an office in the entire
state outside of the First Congres-
sional district.

NEW JURY TO REPORT AT TULSA TODAY

OHIO WITNESSES ON GROUND
READY TO TESTIFY.

Some Jurors Not Expected to Qualify.
May Be Delay in Completing
the Panel.

Tulsa, May 17.—Today passed with-
out incident in the Muskogee town lot
fraud investigation. Nothing new de-
veloped and things are at a stand-
still, pending the arrival of the new
grand jury in this city tomorrow.
Many of the Muskogee witnesses
who spent Sunday with their families
returned to Tulsa this morning.
It is probable that the new jury
will not be completed tomorrow, as
some of the jurors are expected to
disqualify and others may not be
found.

The following witnesses summoned
last week to testify before the
grand jury arrived in Tulsa this
morning: J. S. Braley, G. W. Kinney,
Toledo, Ohio; C. L. Allen, Fayette,
Ohio; Daniel M. Bailey, John H. Bal-
ley, A. Graham, Jr., and A. L. Paul
of Ottawa, Ohio; J. B. McCarthy and
M. S. Lebeck, Nashville, Tenn.; Dr.
W. Jay and wife, St. Mary's, Ohio;
M. P. Goetschens, G. W. Risser and
W. H. Hayney, Jr., Ottawa, Ohio;
D. Kahn, Cincinnati, Ohio; Fred M.
Longnecker, Chicago, Ill.; J. M. Long-
necker and N. B. Willard, Toledo,
Ohio; M. McGrath, Dayton, Ohio; N.
S. Walker, Lynchburg, Va.; R. L.
Bell, Nashville, Tenn.; H. P. Owen,
Clarence F. Lichtenberger, P. Ben-
nett, New Harmony, Ind.

The Ottawa witnesses are more or
less acquainted with Governor Has-
kell, the governor at one time hav-
ing been a resident of that city.

DISTRICT COURT PROGRESS

Fourteen Convictions Reported While
Several Cases Are Dismissed
and Continued.

While the regular routine work of
the district court is slow, and while
it requires much time to dispose of
cases as important as those now
coming before the court, it is mak-
ing rapid progress, all things con-
sidered. Cases dismissed and con-
tinued are not here reported, but fol-
lowing are the convictions up to date:

Burney Carney, murder, five years
in the penitentiary and \$1,000 fine.

Bill Watson, shooting with intent to
kill, \$100 fine and one day in jail.

George Brown, forgery in two cases
one year and one day in the peniten-
tiary.

A. C. Baugh, forgery, plead guilty
and was given one year and one
day in the penitentiary.

Charley Bruner, horse stealing,
guilty, sentence pending.

J. C. Perry and Orville Weaver,
receiving stolen property, guilty, pen-
alty pending.

Sandy Barnett, assault with dead-
ly weapon, plead guilty, one year and
one day in the penitentiary.

Clayton Bruner, assault with dead-
ly weapon, plead guilty and fined
\$25.00.

Argis Lavander, horse stealing,
plead guilty and was given one year
and one day in the penitentiary.

Joe Shotwell, horse stealing, plead
guilty and was given two years in
the penitentiary.

Charlie Stivers, grand larceny,
plead guilty and was given two years
in the penitentiary.

Sandy Barnett, assault with deadly
weapon, plead guilty and was given
one year and one day in the peniten-
tiary.

Cannon Defies Osler.

Washington, D. C., May 17.—"Dr.
Osler, I have reached the age of 73
and I shake my fist in your face,"
said Speaker Cannon in an address
before the national association for
the prevention of tuberculosis yes-
terday afternoon. Dr. Osler, the not-
ed physician from Baltimore, was in
the audience and laughed heartily at
this deft of the old age theory.

Osler, who made the principal ad-
dress, said that tuberculosis is no
longer a problem of doctors and that
it probably will take two or three
generations to reduce its ravages to
the rate at which typhoid fever has
been regulated and that the public
must awakened to the greater sense
of its responsibility in combating the
disease.

SECRETARY OF INTERIOR MAKES OIL RULING

INDIANS TO GET ROYALTY OF
FORTY-ONE CENTS PER
BARREL.

Companies Who Lease From the In-
dians Say Ruling Is Disas-
trous.

Washington, May 17.—Secretary
Ballinger of the Department of the
Interior today made a ruling of far-
reaching consequence to oil men
who hold oil leases from the In-
dians under the department of the
Interior. He has ordered that here-
after oil men in making settlements
with Indians for royalty shall settle
with the Indians on the basis of the
highest cash price for oil. It is fur-
ther ordered that the price of 41c as
a basis for settlement shall remain
in force until the secretary of the
interior sees fit to change the fig-
ure.

The Standard Oil company pipe line
pays 41c for the oil it takes in its
pipe line, but the Gulf and Texas
pipe line companies pay only 30c.
Oil men say that this ruling will
result in the pipe lines buying out
such leases at their own prices as
they need and then paying the In-
dians whatever price the secretary
of the interior may fix for the oil.

The producers admit that they are
not clear just what effect the ruling
will have on the oil situation in Ok-
lahoma, but they believe it will prove
disastrous for the individuals or com-
panies that lease from the Indians,
and must take whatever the oil com-
pany will give for their oil and pay
to the Indians the sum which the
secretary of the interior fixes for
the oil.

HOLDS TAX FERRET LAW VALID.

Judge Sandlin of Logan Superior
Court Opines Statute Was Legal-
ly Enacted.

Guthrie, Ok., May 17.—Judge San-
dlin of the Logan county Superior
court delivered an opinion today,
holding the tax ferret law to have
been legally and constitutionally
passed by the First legislature, and
issued an order vacating the tem-
porary injunction granted in the case
of Felix Adler and others of Logan
county against county officials to re-
strain them from collecting back
taxes listed by the ferrets. This is the
first decision in the state upon the
manner of the law's enactment by
the legislature, which was severely
attacked during the attempt to re-
peal the law before the second leg-
islature.

Don't fail to attend the meeting of
citizens at the court house tonight.

Economy May Be Necessary.

Guthrie, Ok., May 17.—Those state
institutions that have expended the
appropriations made for them by the
First legislature to cover mainte-
nance to June 30 of this year, will
probably have to skirt close to the
shore. The state Board of Public af-
fairs will not go beyond the appro-
priation made for the fiscal year,
and in all cases money appropriated
by the last legislature does not be-
come available until July 1, 1909.

Appropriations made for specific
purposes, it has been held, can not
be used for anything else, and when
special funds become exhausted, no
more money will be available until
the new appropriation bill is effec-
tive. Some of the institutions have
plenty of money, while others are
about "broke." The board believes it
has no authority to create a defi-
ciency, hence will hold the institu-
tions to their appropriations.

Prisoners to McAlester.

Since district court has been in
session the Pontotoc county jail has
become crowded to the degree of
uncomfortableness. For this reason
officials from the sheriff's office left
this afternoon for McAlester with
fourteen men who have been con-
victed during the present term and
who will be lodged in the state pen-
itentiary to serve their terms.

Judge C. A. Galbraith left this
morning for Minneapolis, Minn.,
where he has business before the
U. S. circuit court.

ELKS WILL LAY AWAY THEIR FELLOW MEMBER

From the Shawnee Herald of Sunday.

This morning at 9 o'clock a large
number of Shawnee Elks will board
the Katy train for Ada to conduct
the last sad rites over the bier of
their departed brother, Dr. H. Brown.
The services were postponed Sat-
urday afternoon until today in or-
der to permit of the Shawnee lodge
of Elks taking charge of the funeral.
This was done by request of the re-
latives of the deceased and his fellow-
townsmen of Ada.

Exalted Ruler J. W. Rubey, C. En-
nis and Tom Debruler went to Ada
yesterday on behalf of the local lodge
of Elks, returning last night to
complete arrangements for the ser-
vices today.

At a called meeting last night a
committee of 30 were appointed to
officiate at the services and together
with many other Elks will take the
Katy train this morning. Every Elk,
who can possibly do so, will attend,
to pay their last respects on this
earth to the late Dr. Brown, who
was among the first members of the
local lodge.

When the news was first received
Friday night words of sympathy were
dispatched by wire to the surviving
relatives.

With the committee yesterday went
a magnificent floral tribute to adorn
the grave of the one who passed
away. In the designs sent were an
Elk head covered with roses and car-
nations, and a beautiful spray of
roses; both were neatly tied with
purple and white ribbons.

The funeral services will be held
at 1:30 o'clock this afternoon, per-
mitting the Shawnee Elks to return
on the Katy train that leaves Ada
at 4:05 and reaches Shawnee at 6
o'clock this evening.

RECITAL LAST EVENING.

Music Class of Miss Garrott Gives
Enjoyable Entertainment.

A number of Miss Garrott's patrons
and friends attended the recital
Monday evening at the Airdome given
by her music class.

It was regretted that a few of the
numbers on the program were omitted
on account of certain members of the
class being ill and unable to attend.

The first two numbers were by the
primary pupils, Floyd Haynes and
Louise Hardin, who were very cun-
ning at the piano.

The march song was prettily given
by four little ones, Hubert Wil-
son, Floyd Haynes, Louise Hardin
and Gussie Levin.

Instrumental selections were well
rendered by Misses Gussie Levin,
Zona Cummings, Esther Levin, Ruth
Smootz, Jewell Broadfoot and Hazel
Wilson, all of whom did credit to
their teacher. The duet by Miss Gar-
rott and Miss Estelle Torbett was
very much enjoyed.

The sweet voices of Miss Moss
Wingo and Mrs. Creveling added
pleasure to the evening.

Miss Leona Chaucey, who always
delights her hearers, gave several
readings.

A very catchy little song, "The
Bull Frog and the Coon," sung and
acted by Masters Fauntleroy, Sledge,
Hardin, and Misses Katz, Jones and
Chaucey captivated the audience.

One of the most enjoyable features
of the hour was a reading by Miss
Johnson, who displayed rare talent in
the reading of Hiawatha, that gift of
Longfellow, which is always sweet
and never grows old. The pretty mus-
ical arrangement by Miss Garrott lent
charm to the reading.

Miss Johnson's delivery of this
reading evidenced superior training
and the possession of much culture.
She demonstrated that she has no
superior in the city in such laudable
accomplishment.

Miss Garrott, who came to Ada
from Mississippi last fall, has been a
popular teacher in this city the
past term, and is to be congrat-
ulated on good work evidenced by her
pupils last evening.

Struck by Lightning.

The residence of Dr. M. W. Ligon
was struck by lightning at an early
hour this morning. Fortunately no
one was injured, but the roof of the
house was considerably damaged and
the telephone burned out.

Act Cuts Down Schools.

Vinita, Ok., May 17.—According to
a statement of Superintendent Bened-
ict, supervisor of Indian schools,
one-half of the country schools now
being supported by the Congres-
sional appropriation will be discontinued
with the present school year. In-
structions to this effect have gone
forth to the boards of trustees of
the schools affected.

This action is necessitated by the
action of congress in appropriating
but \$150,000 as a maintenance bud-
get in lieu of the \$300,000 appropria-
tion of 1908. This act of congress
further provides that when the new
state is fully capable of maintaining
its own schools independent of fed-
eral aid this practice of government
maintenance of country public
schools will cease.

Motion is Overruled.

Shawnee, Ok., May 17.—District
court convened in the second special
session today, Judge Rosser presid-
ing, to try the cases against Judge
W. N. Mabon and other officials.
Judge Mabon's cases were called first.
Defendant filed amended motion to
quash and the motion was overruled.
Defendants then filed demurrer, and
the demurrer in turn was overruled.

Defendant then asked postpone-
ment of two weeks to secure wit-
nesses. This last motion was also
overruled, and the case will go to
trial tomorrow.

EDUCATION OF INDIANS.

Miss Estelle Reel, Superintendent of
Indian Schools, Makes Encourag-
ing Report of Commission.

Washington, May 17.—Miss Estelle
Reel, superintendent of Indian
schools, has submitted a report to
the commissioner of Indian Affairs
upholding the system of day schools
and their influence upon the older
Indians. She also says that the in-
troduction of industrial training as
the foremost feature of the Indian
schools is proving most beneficial.

Among the evidences of the good
results of Indian education are the
reports of the careers of returned
students, which show that they are
endeavoring to overcome the environ-
ment of camp life and prove them-
selves worthy of the education they
have received.

A feature of the report is the evi-
dence it gives that the Indian is
altering his ways of living to meet
the requirements of civilization
through the educational influence of
the government schools.

Miss Reel calls special attention
to the necessity for increased ef-
fort on the part of physicians and
Indian agents to protect the Indians
from the ravages of tuberculosis.

Council Proceedings.

The council met in regular ses-
sion Monday evening, May 17th, 1909.
Mayor Little presiding and Aldermen
Chapman, Sims, Shirley, West Crow-
der, Evans, present and Aldermen
Hill and Hope absent.

Minutes of May 10th were read and
approved.

A petition signed by the pastors
of the different church was presented
asking that the council enact an or-
dinance requiring drug stores, con-
fectioneries and cold drink stands
to close on Sundays at 10 o'clock
and remain closed all day.

The park committee reported recom-
mending that deed of Messrs. Hays
& Ebey to park site be accepted on
the terms specified therein.

Chapman moved and Sims seconded
that report of committee be accept-
ed. Carried as follows: Ayes, Chap-
man, Sims, Shirley, West, Crowder,
Evans; Noes, none; absent Hill and
Hope.

Upon motion of Sims seconded by
West, the city attorney was instruct-
ed to examine abstract of title to
park.

Crowder moved and West seconded
that city attorney be authorized to
arrange a settlement with B. C. King.
Carried.

Sims moved and West seconded that
claim of Thos. P. Holt for legal ser-
vices in bond issue, 1909, amounting
to \$536.20 be allowed and prorated to
the different funds. Carried by fol-
lowing vote: Ayes, Chapman, Sims,
Shirley, West, Crowder, Evans; Noes,
none. Absent Hill Hope.

The Central Foundry company,
through E. A. Hammond, submitted
the following bid on pipe for water
extension:

4 inch No. 100 Universal at 40c per
foot; 6 inch No. 100 Universal at 58c
per foot; Fittings at 10 per cent dis-
count from list; Hydrants at \$26.00
each; 6 inch gate valves, \$8.00 each;
4 inch gate valves, \$6.00 each; Valve
boxes, \$2.75 each.

Sims moved and Evans seconded
that city clerk be instructed to place
order for above pipe. Carried.

Upon a motion by Sims, seconded
by Evans, the city clerk was instruct-
ed to advertise bids for laying water
pipe till 6 o'clock p. m. May 21st,
carried.

Clerk was authorized to draw war-
rant on water extension fund for bal-
ance due on work at dam on presen-
tation of itemized statement, O. K'd
by finance committee on a motion
by Crowder seconded by Sims.

The council went into the election
of two sewer inspectors resulting in
E. C. Gant and S. W. Hill being
chosen.

On motion adjourned till Monday
night May 24th, 1909. Carried.

BODY TO ITS LAST REST.

**Dr. Brown's Brother Elks Had
Charge of the Last Sad Rites.**

From the Shawnee Herald.

Seldom does a citizen receive such
an impressive tribute to his worth
as that displayed by the city of Ada
Sunday when the late Dr. H. Brown
was laid to rest, his bier surrounded
by numerous of his surviving Elks
brothers of the Shawnee lodge, of
which he was a member, and who
had charge of the last sad rites.

At the family home in Ada a brief
service was held. Exalted Ruler J.
W. Rubey presided and Chaplain G.
R. Wiley led in prayer.

The Shawnee Elks then formed a
line on either side, and between these
two rows of sorrowing brothers, the
bier was carried to the waiting
hearse. The Elks escorted the fun-
eral to the church where seasons
were delivered by both the Methodist
and the Presbyterian ministers.

At the cemetery, where an im-
mense concourse of people were as-
sembled, the Elks again took charge.
It was an exceedingly sad occasion,
one that deeply touched all present.

The many friends and brother Elks
of the late physician, who came to
his death from blood poison contract-
ed while operating on a patient, heap-
ed innumerable floral designs at his
grave. His death was that of a mar-
tyr to the cause of charity.

THE BOOZE DETECTIVES HAVE DAY IN COURT

**THEIR CHARACTER ATTACKED BY
PROSECUTION THROUGH MEN
IN CITY.**

**The Man who caused the Raid of the
Joints Up and Down the Street
Shows Good Defense as Far
as Late Residence is
Concerned.**

City court was crowded to suffoca-
tion with men this afternoon hearing
the case of the city vs. a Mrs. Edith
Davis, charged with improper con-
duct. This trial, to this time has
produced the allegation from several
that this woman has been guilty in
instances of improper actions.

The defense against the complaint
lodged by the city showed that Mrs.
Davis and a Mr. C. W. Bracken
came to M. M. Sanders' home on
Broadway about five weeks ago rep-
resenting that they were brother and
sister, that during the time of their
residence there, they had been very
quiet, and satisfactory roomers in
every particular and maintained atti-
tude toward each other beyond any
reasonable question of brother and
sister. Captain and Mrs. Sanders de-
clared on the witness stand that
they only knew Mr. Bracken and
Mrs. Davis as roomers, but on ac-
count of their regard for proprieties
and proper conduct in every particu-
lar, since they did not know the
business in which the couple were
engaged, they had taken occasion to
keep a careful watch on them, and
in no instance had they witnessed
anything of a suspicious nature.

The defense, conducted by Judge
McKeel, developed the very interest-
ing fact that this Mr. Chas. William
Bracken was a detective, holding a
deputy sheriff's commission from the
sheriff of Pontotoc county and en-
gaged to run down whiskey peddlers,
bootleggers and blind tigers, that
he had the co-operation as Rev.
Smootz, pastor of the Christian
church, on the witness stand, very
forcibly expressed it "of the loyal
citizens of this city." It appears that
it is this Mr. Bracken who has been
principally instrumental in the
late arrests for the sale and pos-
session up and down the streets of
different articles of booze. Aside from
Rev. Smootz and Mr. and Mrs. San-
ders, who testified in behalf of the
defense, Mr. Frank Jackson, one of
the best men of the city, stated that
he had met Mr. Bracken soon after
his first appearance in this city as
he understood and had been sym-
pathetic toward seeing something
down toward the expulsion of such a
state of affairs as appeared to exist.

As the trial continued during the
afternoon, there developed a showing
of a very mixed state of affairs. If
the allegations of several witnesses
may be taken into account, both
Bracken and his alleged sister and
assistant, Mrs. Davis, are very com-
temptible characters, however, might
be considered the value of their ef-
forts as detectives.

Considering the excellent citizen-
ship qualifications of Rev. Smootz,
Mr. Frank Jackson and others who
afforded the sheriff their endorse-
ments of his employment of Bracken
as a detective to ferret out the sale
of booze in the city of Ada, there
is no doubt but that they deserve
the sympathy and condolence of the
members of the law and order league
of Ada that they were so taken
in that Bracken was enabled to se-
cure their co-operation.

Another Arrest.

Andy Scribner, brother to Dan,
John and Frank Scribner, who are
already in jail, was arrested today
in connection with the same charge,
that of complicity in the murder of
Mrs. Frank Scribner, and placed in
the Pontotoc county jail. He is said
to reside near Citra, and was appre-
hended by the officers near that
place.

Developments in this case are ma-
terializing slowly, but from the num-
ber of arrests, and the relation of
those arrested to the murdered vic-
tim, it bids fair to develop into a
case of such importance as to attract
the widest attention.

Farmers' Institute Organized.

J. E. Elliott, member of the Board
of Agriculture for Oklahoma and one
of the most influential citizens of
Garvin county, together with T. N.
Jeffords, conductor of institute, and
Prof. Miller of the A. & M. College
were here today, and in the afternoon
organized the Pontotoc County Farm-
ers' Institute.

The officers chosen are: J. J. Bur-
ton, president; Captain Hammond,
vice president; and M. F. Dew, sec-
retary and treasurer. Carlton Weav-
er was elected county delegate to the
annual state institute when three
members of the Board of Agriculture
will be chosen.

You will hear more of the county
institute later.

HON. DORSET CARTER WILL HELP ADA BUILD RAILROAD

**ADA TERMINAL RAILWAY ORGA-
NIZED—A STRONG LOCAL DI-
RECTOR SELECTED.**

Hon. Dorset Carter, chief executive
of the Oklahoma Central Railway,
came in last afternoon and this
morning concluded all the details to-
ward the perfection of the agree-
ment whereby there is organized in
Ada, the Ada Terminal Railway Com-
pany, who will construct at once the
Oklahoma Central Railway into and
through the manufacturing district
of this city. The charter has been
drawn and such articles of corpora-
tion will be filed by Mr. Carter with
the secretary of state tomorrow.

The board of directors of the Ada
Terminal Railway Company are: Ad-
am Beck, Tom Hope, A. K. Thorn-
ton, P. A. Norris, H. T. Douglas, more
properly representing the city of Ada
and Dorset Carter and some one se-
lected by him more properly repre-
senting the O. C. Ry.

Full particulars regarding Ada's
contract with Mr. Carter and the
process of action required to build
this terminal railway and other im-
portant connections of interest to
this city will be published in to-
morrow's issue of the News. Read to-
morrow's News.

Notice to Contractors.

The incorporated City of Ada, Okla-
homa, will receive sealed bids until
six o'clock P. M. May 31, 1909, at the
office of W. B. Jones, City Clerk of
the City of Ada, Oklahoma, for the
construction of extensions to the wa-
ter works system. The work covered
by the proposal will consist of lay-
ing complete 16,160 feet 4 inch Uni-
versal Pipe, setting all hydrants,
valves and fittings, taking up and re-
laying 1140 feet 2 inch Universal pipe,
all to be done in accordance with
plans and specifications prepared by
the city engineer and now on file in
his office and in the office of the
city clerk. Each bid must be ac-
companied by a certified check, equal
to five per cent of the bid, which
check will be forfeited to said city
in the event of the successful bidder
failing to enter into contract and exe-
cute a construction bond that is sat-
isfactory to the Mayor and city coun-
cil within the time as given in the
proposal. All bids submittd to the coun-
cil must be made upon blanks fur-
nished by the city engineer. The suc-
cessful bidder shall be required to
execute unto said city a good and
sufficient bond, equal to 30 per cent
of the contract price to guarantee the
faithful performance of said work.
Four per cent of said contract price
shall be paid unto said city for en-
gineering expenses. The said City
council reserves the right to reject
any or all bids, to waive defects and
to accept any bid. W. B. Jones,
City Clerk.

EDITORIAL AND OTHERWISE.

From Oklahoma Baptist Journal.

Men undertake to be spiritual, and
they become ascetic, or, endeavoring
to hold a liberal view of the com-
forts and pleasures of society, they
are soon buried in the world, and
slaves to its fashions; or holding a
scrupulous watch to keep out every
particular sin, they become legal, and
fall out of liberty; or, charmed with
the noble and heavenly liberty, they
run to negligence and irresponsible
living, so the earnest become violent,
the fervent fanatical and censorious,
the gentle waver, the firm become
bigots, the liberal grow lax, the be-
nevolent ostentatious. Poor human
infirmary can hold nothing steady.
When the pivot of righteousness is
broken, the scales must needs slide
off their balance.

When I see the blood I Will pass
over you—Exodus xii:13.

The blood on the lintel secured
Israel's peace. There was nothing
more required in order to enjoy set-
tled peace, in reference to the des-
troying angel, than the application
of the blood of sprinkling. God did
not add anything to the blood, be-
cause nothing more was necessary
to obtain salvation from the sword of
judgment. He did not say, "When I
see, the blood, and the unleavened
bread or bitter herbs, I will pass over
you." By no means. These things had
their proper place and proper value;
but they never could be regarded as
the ground of peace in the presence
of God.

If an Israelite had been asked as
to his enjoyment of peace, what
would he have said? Would he have
said, "I know there is no other way
of escape but by the blood of the
Lamb; and I know that this is a
divinely perfect way; and, moreover,
I know that blood has been shed and
sprinkled on my door-post; but some-
how I do not feel quite comfortable.
I am not sure I am safe. I fear I do
not value the blood as I ought, not
loving the God of my fathers as I
ought." Would such have been his

event in the city of Ada in the near future. It is pro-
posed to hold these big trade events monthly. Every-

answer? Assuredly not. And yet hun-
dreds of professing Christians speak
thus, when asked if they have peace.
They put their thoughts about the
blood in place of the blood itself, and
thus in result make salvation as
much dependent upon themselves as
if they were to be saved by works.

The present frontier Movement in
the Southwest is unique in character
and unparalleled in its proportions.
It is hard to make its largeness stand
out as a living fact before the mind.
The imagination has a way of mini-
mizing things that are in the dis-

ance, like the perspective of a land-
scape before the eye.

Nor has the frontiersman, not-
withstanding his new trick of form-
ing a town in a day and issuing a
newspaper the next morning, that
the citizen may read it as he mun-
ches his breakfast of tinned meats at
a cracker-box breakfast table, the
while he watches out of the tail of
his eye the lot he staked and claimed
yesterday—the frontiersman has not
yet found a voice wherewith effec-
tively to impress the big, news-greedy
world as to the great opportunity to
create moral values in his new land
of promise. He has so many things
to do that seem more urgent than
the practice of the arts of the ready
writer, and they who write of him

tell only of his material prospects.
PRESENT MISSIONARY NEEDS IN
THE SOUTHWEST.

Whatever Christian denomination
is to figure largely in the Southwest
must begin now. It must invest large-
ly and contribute its highest type of
men. It will reap what it sows. A
hesitating administration will prove
disastrous. We will never overtake
this swift-moving farming West with
ox-team and schooner methods.—

He now has a brood of healthy little chicks, thorough-bred white Orpington.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

OUR GUTHRIE CORRESPONDENT

Guthrie, Okla., May 17.—The state democratic press association, in session at Claremore last Saturday, passed the following resolutions: Resolved that we, the democratic editors of Oklahoma, in convention assembled, heartily endorse the Taylor election law as a measure tending to place the government of the state in the hands of the intelligent voters of the state, and as discouraging the recent deplorable practice of making Oklahoma the dumping ground of ignorant negroes from all the southern states, for the sole purpose of influencing and controlling the politics of the state.

We believe that in sustaining the law that we make of Oklahoma a white man's country and that to reject it will be to insure negro domination, depreciation of property and to lower the grade of our citizenship.

We deplore the misrepresentations that have been circulated by a certain class of politicians for the purpose of prejudicing the minds of the people against the law and we pledge our earnest endeavors to place the whole law before the people for their unbiased consideration.

Resolved: That the representatives of the democratic press eagerly grasp the present opportunity to unite in a condemnation of infamous tactics followed by the national campaign committee in attempting to make political capital by libeling our constitution and persecuting the executive of our state.

Knowing as we do that the reason actuating the national republican committee is to be found in the position taken by the democracy of this, the youngest state in the union, upon the firing line of progress and knowing that the republican party sees final defeat and ultimate oblivion for itself in the growth of Oklahoma ideas, we pledge ourselves individually and collectively to use every means within our power to defeat the nefarious schemes of the National Republican committee to further its selfish interests at the expense of this, the but brightest and most progressive state in the union.

The state board of agriculture is in receipt of a complaint from Joe Jung, a creamery man of Cushing, Oklahoma, in which he bitterly complains of the unfair competition of the Continental Creamery Company in an effort to force independent creameries from the field.

He charges that the Continental puts the price up but at the same times makes the test higher than the standard thus gaining by fraud what they have lost by paying above the market. He also charges that the Continental will pay above the market where there is independent competition but that on the same day they buy for two or three cents less at places where there is no competition.

The matter has been referred to the attorney general and it is not unlikely that if the facts as alleged above can be substantiated, that Oklahoma will have the opportunity of witnessing a battle between its legal department and that great and powerful corporation, the Continental Creamery company.

In a somewhat lengthy opinion to the State Board of Agriculture the attorney general states that the rentals from the college lands are available and may be divided among the colleges without a specific legislative appropriation. This opinion is of great importance to the schools as it would have been very difficult to have paid the coming years expenses without this aid and the money would have been locked up in the treasury where it would have done good to nobody.

OUR WASHINGTON LETTER

Washington, May 17.—It appears that the government is never going to cease plunging Oklahoma into litigation over the Indian land titles which it attempted to give to individual Indians when it insisted that tribal relations should be broken up. The latest is a decision in the court of claims whereby the avenue is opened up for 1400 freedmen claimants to establish proof that they were improperly rejected by the Dawes commission, and take away from that number of Cherokees the allotments that have been given them. This means a contest case in every instance and litigation without end for the Cherokees, unless the courts find that these negroes are not entitled to the Cherokee lands they are claiming.

High protection members of the senate within the past week have sought to justify their action in increasing instead of lowering the tariff duties, by repeatedly stating that the present high prices to the consumer are due to combinations on the part of retail dealers throughout the country, and not to the manufacturers who are protected by high tariffs from outside competition. Senator Gore made a vigorous attack on some of the republican senators for these statements. He forced them to admit that the manufacturers sell their goods to retail dealers with a contract that they are not to be re-tailed below a certain set figure, and in event a retailer cuts the price then the manufacturers refuse to sell him more goods. They black list him. Senator Gore boldly announced that he desired to stand for the retail dealers, and made clear that the retailers do not get their share of the enormous profits that the high prices justify.

The past week has demonstrated that there are ten or eleven democratic senators who are following strange doctrines in the tariff making. They have voted with the high protectionists on nearly every schedule where it was proposed to raise the tariff duties above those in the house bill or over the present law. Now they explain their action and stick to the democratic platform is past understanding. Be it said to their credit neither of the Oklahoma senators have voted a single time to raise the duties, and in every instant their votes have been recorded as favoring decreased duties.

If Oklahoma gets busy in time it has a change to get federal co-operation in the matter of surveying, gauging and testing the streams of the state to determine just how much water power can be developed in Oklahoma's streams. The geological survey has charge of this work, and in several states is sharing the expense of making this investigation. Minnesota is one of the states into which the government experts have just been ordered. Minnesota pays half the expense. One hundred thousand dollars will be spent in investigating water power there. These government reports are accepted by experts as final and when a stream gets the governments official O. K. for so much water power, it is certain the power is there, and the government report will show approximately how much it will cost to develop it.

Discussion of the question of whether a duty shall be put on crude oil has brought out some illuminating facts about the oil business in Oklahoma. It has been shown that in the mid-continent field there is approximately \$1,500,000,000 invested in the oil and gas business, and that 40,000 people are directly or indirectly interested in the business.

The republican organization of the state has recommended C. C. Hoag, for appointment as receiver of public moneys for the Woodward land office to succeed C. E. Wiggins, deceased. The republicans have failed to agree on a man to be appointed national bank examiner in the north-western part of the state, to take the place of John Hale, of Chandler, who resigned to go into the banking business at Oklahoma City.

The trouble with psychotherapy in churches, according to the Rev. Dr. Leighton Parks, is that it identifies health with salvation. On the other hand, it might be remarked that the trouble with the churches where psychotherapy is anathema is that they take too little heed of the welfare and happiness of their members this side the grave. Health and salvation are not necessarily inconsistent.

A man detained in New York under sentence of deportation has been promised leniency if he saws his way out of the detention jail, and is now working on the job. It may be all very well for officials to test thus the stoutness of their bars and the integrity of their employes, which happens to be involved, but to the community at large, whose interests are also involved, it seems a queer test to apply to undesirable citizens.

Los Angeles is slow in arriving at the conclusion that it endures an unjust burden in being compelled to care for consumptives who are shipped out there without sufficient means properly to care for themselves. Denver reached this conviction some time ago. Since the fact is becoming known that it is not climate so much as fresh air and plenty of nourishing food that builds up consumptives the rush of such sufferers to the west and south has received a desirable check.

Official figures give a grim picture of conditions that have prevailed in Russia up to a recent date. The police department of the empire reports that from January 1, 1905, to January 1, 1909, there were 3,319 condemnations to death and 1,435 executions. No doubt there has been a great deal of turbulence and crime in Russia, but the statement contains more than a hint that in some instances at least the authorities have worked strenuously and mercifully to punish political offenses.

If Diogenes had attended a suit in a New York court lately, he would have gasped with amazement, fainting with delight and then doused the glim of his lantern for all time, for that suit developed an honest man, the kind for whom Diogenes looked in vain and who, Shakespeare declared, was one picked out of 10,000. He was a plumber, who testified that after giving an estimate on work he cut down the bill because he found the work less than the estimate called for.

PAINT EVERY YEAR.

No One Wants to Do It, But Some Paint Will Wear No Longer.

When you have a job of painting done you don't expect to have it done over again very soon. But to make a lasting job, several things must be taken into consideration—the proper time to paint—the condition of the surface—the kind of materials to use, etc. All these matters are fully covered in the specifications which can be had free by writing National Lead Company, 1902 Trinity Building, New York, and asking for Houseowner's Painting Outfit No. 49. The outfit also includes a book of color schemes for both interior and exterior painting, and a simple instrument for detecting adulteration in the paint materials. The outfit will solve many painting problems for every houseowner.

RASH ALL OVER BOY'S BODY.

Awful, Crusted, Weeping Eczema on Little Sufferer—A Score of Treatments Prove Dismal Failures.

Cure Achieved by Cuticura.

"My little boy had an awful rash all over his body and the doctor said it was eczema. It was terrible, and used to water awfully. Any place the water went it would form another sore and it would become crusted. A score or more physicians failed utterly and dismally in their efforts to remove the trouble. Then I was told to use the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent, and before we had used half the Resolvent I could see a change in him. In about two months he was entirely well. George F. Lambert, 139 West Centre St., Mahanoy City, Pa., Sept. 26 and Nov. 4, 1907."

Judge Will Wait and See.

An earnest plea was made by Attorney Charles Pettijohn to Judge Pritchard of the criminal court for leniency to a client who had entered a plea of guilty to larceny. The burden of the attorney's argument was that his client was the father of twins and was tempted to theft in order to feed the mouths of the infants.

"Your honor, I will say frankly," said Mr. Pettijohn in closing, "that if I were the father of twins and needed food for my family, I would not hesitate to go out and steal it."

"Mr. Pettijohn, when you are the father of twins I will consider your proposition," said Judge Pritchard.—Indianapolis News.

OLD SOAKERS

Get Saturated with Caffeine.

When a person has used coffee for a number of years and gradually declined in health, it is time the coffee should be left off in order to see whether or not that has been the cause of the trouble.

A lady in Huntsville, Ala., says she used coffee for about 40 years, and for the past 20 years was troubled with stomach trouble.

"I have been treated by many physicians but all in vain. Everything failed to perfect a cure. I was prostrated for some time, and came near dying. When I recovered sufficiently to partake of food and drink I tried coffee again and it soured my stomach."

"I finally concluded coffee was the cause of my troubles and stopped using it. I tried tea and milk in its place, but neither agreed with me, then I commenced using Postum. I had it properly made and it was very pleasing to the taste."

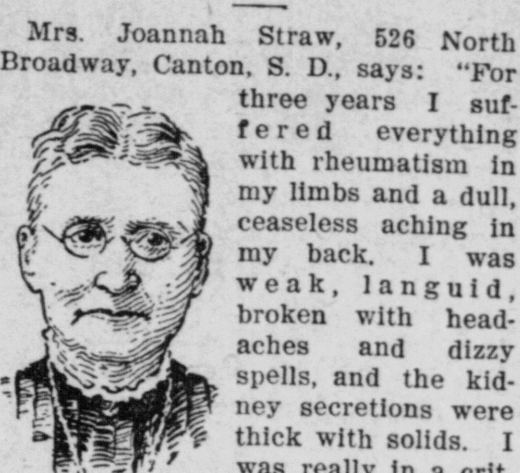

"I have now used it four months, and my health is so greatly improved that I can eat almost anything I want and can sleep well, whereas, before, I suffered for years with insomnia."

"I have found the cause of my troubles and a way to get rid of them. You can depend upon it I appreciate Postum."

"There's a Reason." Read "The Road to Wellville," in pkgs. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

NEW STRENGTH FOR OLD BACKS.

No Need to Suffer Every Day from Backache.

Mrs. Joannah Straw, 526 North Broadway, Canton, S. D., says: "For three years I suffered everything with rheumatism in my limbs and a dull, ceaseless aching in my back. I was weak, languid, broken with headaches and dizzy spells, and the kidney secretions were thick with solids. I was really in a critical condition when I began with Doan's Kidney Pills, and they certainly did 'wonders' for me. Though I am 81 years old, I am as well as the average woman of 50. I work well, eat well and sleep well."

Some time ago an office boy, answering the telephone for the first time in his life, and not knowing how to use it, was told that when the bell rang he was to answer it.

When, therefore, he heard it ring, he picked up the receiver and shouted: "Hello, who's there?" The answer came back: "I'm 105."

"Go on," said the boy. "It's time you were dead."

Beyond Expression

G. W. Farlowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest nor sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression."

The Small Brother Again.

It was the first warm night of springtime, and they sat out in the park under the stars. Suddenly there was the sound of a snapping twig in the tree near them.

"Dear me, George," she whispered. "What kind of a tree is that?"

George looked up and discovered a pair of juvenile eyes peering through the branches.

"H'm" he muttered, sheepishly. "Looks to me like a rubber tree."

SECRETARY GORE GETS IN ON TARIFF MELÉE

DEMOCRATS THE ONLY TARIFF REVISIONISTS AFTER ALL.

YFarmers Who Expected the Republicans to Revise the Tariff Downward Have Another Guess.

Washington, D. C., May 17.—Senator Gore has offered an amendment to the pending tariff bill to place the following articles on the free list: Cotton bagging and ties and barbed wire. The senator believes that as these articles are indispensable to the farmers of the country that they should be obtainable at the least possible price.

The farmers of the country who put any faith in the republican promise of tariff revision downward will be sadly disappointed to learn that the republicans unanimously defeated an amendment offered by a democrat to place farming implements on the free list, while the democrats voted solidly for the amendment. The republicans are more friendly to the implement trust than they are to the American farmer.

In last Wednesday's debate in the senate, Senator Flint, Hale and Smoot stated that the retail merchants and jobbers were responsible for the high and exorbitant prices which the consumers are compelled to pay for the necessities of life, and not to the tariff or the trusts.

Senator Gore arose and said that though he was not the chosen defender of the retailers of the country, but in their behalf he desired them and there to enter plea of "not guilty." He showed that certain articles were sold to the retailer by the manufacturer on the express condition that he sell them at a certain price, that the retail price of some brands of shoes, hats, shirts and other clothing are fixed by the manufacturer. Thus the retailer has no option in the matter other than to sell at the price dictated by the manufacturer or be refused further orders of goods. He also stated that certain cotton and woolen mills in New England had in 1907 declared dividends of 60 and 67 per cent, which shows conclusively that it is the protected manufacturer who makes the enormous profits and causes the high prices which the consumer has to pay.

Congressman McGuire and Chairman Norris of the Oklahoma republican committee are in the city trying to secure the position of National Bank Inspector for Mr. Butcher of Tonkawa. In the opinion of these masters of the republican party in Oklahoma, there is no good republican timber for an office in the entire state outside of the First Congressional district.

NEW JURY TO REPORT AT TULSA TODAY

OHIO WITNESSES ON GROUND READY TO TESTIFY.

Some Jurors Not Expected to Qualify. May Be Delay in Completing the Panel.

Tulsa, May 17.—Today passed without incident in the Muskogee town lot fraud investigation. Nothing new developed and things are at a standstill, pending the arrival of the new grand jury in this city tomorrow.

Many of the Muskogee witnesses who spent Sunday with their families returned to Tulsa this morning.

It is probable that the new jury will not be completed tomorrow, as some of the jurors are expected to disqualify and others may not be found.

The following witnesses summoned last week to testify before the grand jury arrived in Tulsa this morning: J. S. Bruley, G. W. Kinney, Toledo, Ohio; C. L. Allen, Fayette, Ohio; Daniel M. Bailley, John H. Bailley, A. Graham, Jr., and A. L. Paul of Ottawa, Ohio; J. B. McCarthy and M. S. Lebeck, Nashville, Tenn.; Dr. W. Jay and wife, St. Mary's, Ohio; M. P. Goetschens, G. W. Riser and W. H. Hayner, Jr., Ottawa, Ohio; D. Kuhn, Cincinnati, Ohio; Fred M. Longnecker, Chicago, Ill.; J. M. Longnecker and N. B. Willard, Toledo, Ohio; M. McGrath, Dayton, Ohio; N. S. Walker, Lynchburg, Va.; R. L. Bell, Nashville, Tenn.; H. P. Owen, Clarence F. Liebleinberger, P. Bennett, New Harmony, Ind.

The Ottawa witnesses are more or less acquainted with Governor Haskell, the governor at one time having been a resident of that city.

DISTRICT COURT PROGRESS

Fourteen Convictions Reported While Several Cases Are Dismissed and Continued.

While the regular routine work of the district court is slow, and while it requires much time to dispose of cases as important as those now coming before the court, it is making rapid progress, all things considered. Cases dismissed and continued are not here reported, but following are the convictions up to date: Barney Carney, murder, five years in the penitentiary and \$1,000 fine.

Bill Watson, shooting with intent to kill, \$100 fine and one day in jail.

George Brown, forgery in two cases one year and one day in the penitentiary.

A. C. Baugh, forgery, plead guilty and was given one year and one day in the penitentiary.

Charley Bruner, horse stealing, guilty, sentence pending.

J. C. Perry and Orville Weaver, receiving stolen property, guilty, penalty pending.

Sandy Barnett, assault with deadly weapon, plead guilty, one year and one day in the penitentiary.

Clayton Bruner, assault with deadly weapon, plead guilty and fined \$25.00.

Argis Lavander, horse stealing, plead guilty and was given one year and one day in the penitentiary.

Joe Shotwell, horse stealing, plead guilty and was given two years in the penitentiary.

Charlie Stivers, grand larceny, plead guilty and was given two years in the penitentiary.

Sandy Barnett, assault with deadly weapon, plead guilty and was given one year and one day in the penitentiary.

Cannon Denies Osler.

Washington, D. C., May 17.—"Dr. Osler, I have reached the age of 73 and I shake my fist in your face," said Speaker Cannon in an address before the national association for the prevention of tuberculosis yesterday afternoon. Dr. Osler, the noted physician from Baltimore, was in the audience and laughed heartily at this deft of the old age theory.

Osler, who made the principal address, said that tuberculosis is no longer a problem of doctors and that it probably will take two or three generations to reduce its ravages to the rate at which typhoid fever has been regulated and that the public must be awakened to the greater sense of its responsibility in combating the disease.

SECRETARY OF INTERIOR MAKES OIL RULING

INDIANS TO GET ROYALTY OF FORTY-ONE CENTS PER BARREL.

Companies Who Lease From the Indians Say Ruling Is Disastrous.

Washington, May 17.—Secretary Ballinger of the Department of the Interior today made a ruling of far-reaching consequence to oil men who hold oil leases from the Indians under the department of the Interior. He has ordered that hereafter oil men in making settlements with Indians for royalty shall settle with the Indians on the basis of the highest cash price for oil it is further ordered that the price of 41c as a basis for settlement shall remain in force until the secretary of the interior sees fit to change the figure.

The Standard Oil company pipe line pays 41c for the oil it takes in its pipe line, but the Gulf and Texas Pipe line companies pay only 30c. Oil men say that this ruling will result in the pipe lines buying out such leases at their own prices as they need and then paying the Indians whatever price the secretary of the interior may fix for the oil.

The producers admit that they are not clear just what effect the ruling will have on the oil situation in Oklahoma, but they believe it will prove disastrous for the individuals or companies that lease from the Indians, and must take whatever the oil company will give for their oil and pay to the Indians the sum which the secretary of the interior fixes for the oil.

HOLDS TAX FERRET LAW VALID.

Judge Sandlin of Logan Superior Court Opines Statute Was Legally Enacted.

Guthrie, Ok., May 17.—Judge Sandlin of the Logan county Superior court delivered an opinion today, holding the tax ferret law to have been legally and constitutionally passed by the First legislature, and issued an order vacating the temporary injunction granted in the case of Felix Adler and others of Logan county against county officials to restrain them from collecting back taxes listed by the ferrets. This is the first decision in the state upon the manner of the law's enactment by the legislature, which was severely attacked during the attempt to repeal the law before the second legislature.

Don't fail to attend the meeting of citizens at the court house tonight.

Economy May Be Necessary.

Guthrie, Ok., May 17.—Those state institutions that have expended the appropriations made for them by the First legislature to cover maintenance to June 30 of this year, will probably have to skirt close to the shore. The state Board of Public Affairs will not go beyond the appropriation made for the fiscal year, and in all cases money appropriated by the last legislature does not become available until July 1, 1909.

Appropriations made for specific purposes, it has been held, can not be used for anything else, and when special funds become exhausted, no more money will be available until the new appropriation bill is effective. Some of the institutions have plenty of money, while others are about "broke." The board believes it has no authority to create a deficiency, hence will hold the institutions to their appropriations.

Prisoners to McAlester.

Since district court has been in session the Pontotoc county jail has become crowded to the degree of uncomfortableness. For this reason officials from the sheriff's office left this afternoon for McAlester with fourteen men who have been convicted during the present term and who will be lodged in the state penitentiary to serve their terms.

Judge C. A. Galbraith left this morning for Minneapolis, Minn., where he has business before the U. S. circuit court.

ELKS WILL LAY AWAY THEIR FELLOW MEMBER

From the Shawnee Herald of Sunday.
This morning at 9 o'clock a large number of Shawnee Elks will board the Katy train for Ada to conduct the last sad rites over the bier of their departed brother, Dr. H. Brown. The services were postponed Saturday afternoon until today in order to permit of the Shawnee lodge of Elks taking charge of the funeral. This was done by request of the relatives of the deceased and his fellow-townsmen of Ada.

Exalted Ruler J. W. Rubey, C. Ennis and Tom Debruler went to Ada yesterday on behalf of the local lodge of Elks, returning last night to complete arrangements for the services today.

At a called meeting last night a committee of 30 were appointed to officiate at the services and together with many other Elks will take the Katy train this morning. Every Elk, who can possibly do so, will attend, to pay their last respects on this earth to the late Dr. Brown, who was among the first members of the local lodge.

When the news was first received Friday night words of sympathy were dispatched by wire to the surviving relatives.

With the committee yesterday went a magnificent floral tribute to adorn the grave of the one who passed away. In the designs sent were an Elk head covered with roses and carnations, and a beautiful spray of roses; both were neatly tied with purple and white ribbons.

The funeral services will be held at 1:30 o'clock this afternoon, permitting the Shawnee Elks to return on the Katy train that leaves Ada at 4:05 and reaches Shawnee at 6 o'clock this evening.

RECITAL LAST EVENING.

Music Class of Miss Garrett Gives Enjoyable Entertainment.

A number of Miss Garrett's patrons and friends attended the recital Monday evening at the Airdome given by her music class.

It was regretted that a few of the numbers on the program were omitted on account of certain members of the class being ill and unable to attend.

The first two numbers were by the primary pupils, Floyd Haynes and Louise Hardin, who were very cunning at the piano.

The march song was prettily given by four little ones, Hubert Wilson, Floyd Haynes, Louise Hardin and Gussie Levin.

Instrumental selections were well rendered by Misses Gussie Levin, Zona Cummings, Esther Levin, Ruth Smoots, Jewell Broadfoot and Hazel Wilson, all of whom did credit to their teacher. The duet by Miss Garrett and Miss Estelle Torbett was very much enjoyed.

The sweet voices of Miss Moss Wingo and Mrs. Creveling added pleasure to the evening.

Miss Leona Chauncey, who always delights her hearers, gave several readings.

A very catchy little song, "The Bull Frog and the Coon" sung and acted by Masters Fauntleroy, Sledge, Hardin, and Misses Katz, Jones and Chauncey captivated the audience.

One of the most enjoyable features of the hour was a reading by Miss Johnson, who displayed rare talent in the reading of Hiawatha, that gift of Longfellow, which is always sweet and never grows old. The pretty musical arrangement by Miss Garrett lent charm to the reading.

Miss Johnson's delivery of this reading evidenced superior training and the possession of much culture. She demonstrated that she has no superior in the city in such landable accomplishment.

Miss Garrett, who came to Ada from Mississippi last fall, has been a popular teacher in this city the past term, and is to be congratulated on good work evidenced by her pupils last evening.

Act Cuts Down Schools.

Vinita, Ok., May 17.—According to a statement of Superintendent Benedict, supervisor of Indian schools, one-half of the country schools now being supported by the Congressional appropriation will be discontinued with the present school year. Instructions to this effect have gone forth to the boards of trustees of the schools affected.

This action is necessitated by the action of congress in appropriating but \$150,000 as a maintenance budget in lieu of the \$300,000 appropriation of 1908. This act of congress further provides that when the new state is fully capable of maintaining its own schools independent of federal aid this practice of government maintenance of country public schools will cease.

Motion is Overruled.

Shawnee, Ok., May 17.—District court convened in the second special session today. Judge Rosser presiding, to try the cases against Judge W. N. Maben and other officials. Judge Maben's cases were called first. Defendant filed amended motion to quash and the motion was overruled. Defendants then filed demurrer, and the demurrer in turn was overruled. Defendant then asked postponement of two weeks to secure witnesses. This last motion was also overruled, and the case will go to trial tomorrow.

EDUCATION OF INDIANS.

Miss Estelle Reel, Superintendent of Indian Schools, Makes Encouraging Report of Commission.

Washington May 17.—Miss Estelle Reel, superintendent of Indian schools, has submitted a report to the commissioner of Indian Affairs upholding the system of day schools and their influence upon the older Indians. She also says that the introduction of industrial training as the foremost feature of the Indian schools is proving most beneficial.

Among the evidences of the good results of Indian education are the reports of the careers of returned students, which show that they are endeavoring to overcome the environment of camp life and prove themselves worthy of the education they have received.

A feature of the report is the evidence it gives that the Indian is altering his ways of living to meet the requirements of civilization through the educational influence of the government schools.

Miss Reel calls special attention to the necessity for increased effort on the part of physicians and Indian agents to protect the Indians from the ravages of tuberculosis.

BODY TO ITS LAST REST.

Dr. Brown's Brother Elks Had
Charge of the Last Sad Rites.

From the Shawnee Herald.

Seldom does a citizen receive such
an impressive tribute to his worth
as that displayed by the city of Ada
Sunday when the late Dr. H. Brown
was laid to rest, his bier surrounded
by numerous of his surviving Elks
brothers of the Shawnee lodge, of
which he was a member, and who
had charge of the last sad rites.

At the family home in Ada a brief
service was held. Exalted Ruler J.
W. Rubey presided and Chaplain G.
R. Wiley led in prayer.

The Shawnee Elks then formed a
line on either side, and between those
two rows of sorrowing brothers, the
bier was carried to the waiting
hearse. The Elks escorted the fun-
eral to the church where seasons
were delivered by both the Methodist
and the Presbyterian ministers.

At the cemetery, where an im-
mense concourse of people were as-
sembled, the Elks again took charge.
It was an exceedingly sad occasion,
one that deeply touched all present.

The many friends and brother Elks
of the late physician, who came to
his death from blood poison contract-
ed while operating on a patient, heap-
ed innumerable floral designs at his
grave. His death was that of a mar-
tyr to the cause of charity.

THE BOOZE DETECTIVES HAVE DAY IN COURT

THEIR CHARACTER ATTACKED BY PROSECUTION THROUGH MEN IN CITY.

The Man who caused the Raid of the
Joints Up and Down the Street
Shows Good Defense as Far
as Late Residence is
Concerned.

City court was crowded to suffoca-
tion with men this afternoon hearing
the case of the city vs. a Mrs. Edith
Davis, charged with improper con-
duct. This trial, to this time has
produced the allegation from several
that this woman has been guilty in
instances of improper actions.

The defense against the complaint
lodged by the city showed that Mrs.
Davis and a Mr. C. W. Bracken
came to M. M. Sanders' home on
Broadway about five weeks ago rep-
resenting that they were brother and
sister, that during the time of their
residence there, they had been very
quiet, and satisfactory roomers in
every particular and maintained at-
titude toward each other beyond any
reasonable question of brother and
sister. Captain and Mrs. Sanders de-
clared on the witness stand that
they only knew Mr. Bracken and
Mrs. Davis as roomers, but on ac-
count of their regard for proprieties
and proper conduct in every particu-
lar, since they did not know the
business in which the couple were
engaged, they had taken occasion to
keep a careful watch on them, and
in no instance had they witnessed
anything of a suspicious nature.

The defense, conducted by Judge
McKeel, developed the very interest-
ing fact that this Mr. Chas. William
Bracken was a detective, holding a
deputy sheriff's commission from the
sheriff of Pontotoc county and en-
gaged to run down whiskey peddlers,
bootleggers and blind tigers, that
he had the co-operation as Rev.
Smoot, pastor of the Christian
church, on the witness stand, very
forcibly expressed it "of the loyal
citizens of this city." It appears that
it is this Mr. Bracken who has
been principally instrumental in the
late arrests for the sale and pos-
session up and down the streets of
different articles of booze. Aside from
Rev. Smoot and Mr. and Mrs. Sand-
ers, who testified in behalf of the
defense, Mr. Frank Jackson, one of
the best men of the city, stated that
he had met Mr. Bracken soon after
his first appearance in this city as
he understood and had been sym-
pathetic toward seeing something
done toward the expulsion of such a
state of affairs as appeared to exist.

As the trial continued during the
afternoon, there developed a showing
of a very mixed state of affairs. If
the allegations of several witnesses
may be taken into account both
Bracken and his alleged sister and
assistant, Mrs. Davis, are very con-
temptible characters, however, might
be considered the value of their ef-
forts as detectives.

Considering the excellent citizen-
ship qualifications of Rev. Smoot,
Mr. Frank Jackson and others who
afforded the sheriff their endorse-
ments of his employment of Bracken
as a detective to ferret out the sale
of booze in the city of Ada, there
is no doubt but that they deserve
the sympathy and condoleance of the
members of the law and order league
of Ada that they were so taken
in that Bracken was enabled to se-
cure their co-operation.

Another Arrest.

Andy Scribner, brother to Dan,
John and Frank Scribner, who are
already in jail, was arrested today
in connection with the same charge,
that of complicity in the murder of
Mrs. Frank Scribner, and placed in
the Pontotoc county jail. He is said
to reside near Citra, and was appre-
hended by the officers near that
place.

Developments in this case are ma-
terializing slowly, but from the num-
ber of arrests, and the relation of
those arrested to the murdered vic-
tim, it bids fair to develop into a
case of such importance as to attract
the widest attention.

Farmers' Institute Organized.

J. E. Elliott, member of the Board
of Agriculture for Oklahoma and one
of the most influential citizens of
Garvin county, together with T. N.
Jeffords, conductor of institute, and
Prof. Miller of the A. & M. College
were here today, and in the afternoon
organized the Pontotoc County Farm-
ers' Institute.

The officers chosen are: J. J. Bur-
ton, president; Captain Hammond,
vice president; and M. E. Dew, sec-
retary and treasurer. Carlton Weav-
er was elected county delegate to the
annual state institute when three
members of the Board of Agriculture
will be chosen.

HON. DORSET CARTER WILL HELP ADA BUILD RAILROAD

ADA TERMINAL RAILWAY ORGA- NIZED—A STRONG LOCAL DI- RECTOR SELECTED.

Hon. Dorset Carter, chief executive
of the Oklahoma Central Railway,
came in last afternoon and this
morning concluded all the details to-
ward the perfection of the agree-
ment whereby there is organized in
Ada, the Ada Terminal Railway Com-
pany, who will construct at once the
Oklahoma Central Railway into and
through the manufacturing district
of this city. The charter has been
drawn and such articles of corpora-
tion will be filed by Mr. Carter with
the secretary of state tomorrow.

The board of directors of the Ada
Terminal Railway Company are: Ad-
am Beck, Tom Hope, A. K. Thornt-
on, P. A. Norris, H. T. Douglas, more
properly representing the city of Ada
and Dorset Carter and some one se-
lected by him more properly repre-
senting the O. C. Ry.

Full particulars regarding Ada's
contract with Mr. Carter and the
process of action required to build
this terminal railway and other im-
portant connections of interest to
this city will be published in to-
morrow's issue of the News. Read to-
morrow's News.

Notice to Contractors.

The incorporated City of Ada, Okla-
homa, will receive sealed bids until
six o'clock P. M. May 31, 1909, at the
office of W. B. Jones, City Clerk of
the City of Ada, Oklahoma, for the
construction of extensions to the wa-
ter works system. The work covered
by the proposal will consist of lay-
ing complete 16.160 feet 4 inch Uni-
versal Pipe, setting all hydrants,
valves and fittings, taking up and re-
laying 1140 feet 2 inch Universal pipe,
all to be done in accordance with
plans and specifications prepared by
the city engineer and now on file in
his office and in the office of the
city clerk. Each bid must be ac-
companied by a certified check, equal
to five per cent of the bid, which
check will be forfeited to said city
in the event of the successful bidder
failing to enter into contract and exe-
cute a construction bond that is sat-
isfactory to the Mayor and city coun-
cil within the time as given in the
proposal. All bids submitted to the coun-
cil must be made upon blanks fur-
nished by the city engineer. The suc-
cessful bidder shall be required to
execute unto said city a good and
sufficient bond, equal to 20 per cent
of the contract price to guarantee the
faithful performance of said work.
Four per cent of said contract price
shall be paid unto said city for en-
gineering expenses. The said City
council reserves the right to reject
any or all bids, to waive defects and
to accept any bid. W. B. Jones,
City Clerk.

EDITORIAL AND OTHERWISE.

From Oklahoma Baptist Journal.

Men undertake to be spiritual, and
they become ascetic, or, endeavoring
to hold a liberal view of the com-
forts and pleasures of society, they
are soon buried in the world, and
slaves to its fashions; or holding a
scrupulous watch to keep out every
particular sin, they become legal, and
fall out of liberty; or, charmed with
the noble and heavenly liberty, they
run to negligence and irresponsible
living, so the earnest become violent,
the fervent fanatical and censorious,
the gentle waver, the firm become
bigots, the liberal grow lax, the be-
nevolent ostentatious. Poor human
infirmary can hold nothing steady.
When the pivot of righteousness is
broken, the scales must needs slide
off their balance.

When I see the blood I will pass

The blood on the lintel secured
Israel's peace. There was nothing
more required in order to enjoy set-
tled peace. In reference to the de-
stroying angel, than the application
of the blood of sprinkling. God did
not add anything to the blood, be-
cause nothing more was necessary
to obtain salvation from the sword of
judgment. He did not say, "When I
see the blood, and the unleavened
bread or bitter herbs, I will pass over
you." By no means. These things had
their proper place and proper value;
but they never could be regarded as
the ground of peace in the presence
of God.

If an Israelite had been asked as
to his enjoyment of peace, what
would he have said? Would he have
said, "I know there is no other way
of escape but by the blood of the
Lamb; and I know that this is a
divinely perfect way; and, moreover,
I know that blood has been shed and
sprinkled on my door-post; but some-
how I do not feel quite comfortable.
I am not sure I am safe. I fear I do
not value the blood as I ought, not
loving the God of my fathers as I
ought." Would such have been his

They put their thoughts about the

The present frontier Movement in
the Southwest is unique in character
and unparalleled in its proportions.
It is hard to make its largeness stand
out as a living fact before the mind.
The imagination has a way of mini-
mizing things that are in the dis-

ance, like the perspective of a land-
scape before the eye.

Nor has the frontiersman, not-
withstanding his new trick of form-
ing a town in a day and issuing a
newspaper the next morning, that
the citizen may read it as he man-
ches his breakfast of tinned meats at
a cracker-box breakfast table, the
while he watches out of the tail of
his eye the lot he staked and claimed
yesterday—the frontiersman has not
yet found a voice wherewith effec-
tively to impress the big, news-greedy
world as to the great opportunity to
create moral values in his new land
of promise. He has so many things
to do that seem more urgent than
the practice of the arts of the ready
writer, and they who write of him

tell only of his material prospects.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

OUR GUTHRIE CORRESPONDENT

Guthrie, Okla., May 17.—The state democratic press association, in session at Claremore last Saturday, passed the following resolutions: Resolved that we, the democratic editors of Oklahoma, in convention assembled, heartily endorse the Taylor election law as a measure tending to place the government of the state in the hands of the intelligent voters of the state, and as discouraging the recent deplorable practice of making Oklahoma the dumping ground of ignorant negroes from all the southern states, for the sole purpose of influencing and controlling the politics of the state.

We believe that in sustaining the law that we make of Oklahoma a white man's country and that to reject it will be to insure negro domination, depreciation of property and to lower the grade of our citizenship.

We deplore the misrepresentations that have been circulated by a certain class of politicians for the purpose of prejudicing the minds of the people against the law and we pledge our earnest endeavors to place the whole law before the people for their unbiased consideration.

Resolved: That the representatives of the democratic press eagerly grasp the present opportunity to unite in a condemnation of infamous tactics followed by the national campaign committee in attempting to make political capital by libeling our constitution and persecuting the executive of our state.

Knowing as we do that the reason actuating the national republican committee is to be found in the position taken by the democracy of this, the youngest state in the union, upon the firing line of progress and knowing that the republican party sees final defeat and ultimate oblivion for itself in the growth of Oklahoma ideas, we pledge ourselves individually and collectively to use every means within our power to defeat the nefarious schemes of the National Republican committee to further its selfish interests at the expense of this, the but brightest and most progressive state in the union.

The state board of agriculture is in receipt of a complaint from Joe Jung, a creamery man of Cushing, Oklahoma, in which he bitterly complains of the unfair competition of the Continental Creamery Company in an effort to force independent creameries from the field.

He charges that the Continental puts the price up but at the same time makes the test higher than the standard thus gaining by fraud what they have lost by paying above the market. He also charges that the Continental will pay above the market where there is independent competition but that on the same day they buy for two or three cents less at places where there is no competition.

The matter has been referred to the attorney general and it is not unlikely that if the facts as alleged above can be substantiated, that Oklahoma will have the opportunity of witnessing a battle between its legal department and that great and powerful corporation, the Continental Creamery company.

In a somewhat lengthy opinion to the State Board of Agriculture the attorney general states that the rentals from the college lands are available and may be divided among the colleges without a specific legislative appropriation. This opinion is of great importance to the schools as it would have been very difficult to have paid the coming years expenses without this aid and the money would have been locked up in the treasury where it would have done good to nobody.

OUR WASHINGTON LETTER

Washington, May 17.—It appears that the government is never going to cease plunging Oklahoma into litigation over the Indian land titles which it attempted to give to individual Indians when it insisted that tribal relations should be broken up. The latest is a decision in the court of claims whereby the avenue is opened up for 1400 freedmen claimants to establish proof that they were improperly rejected by the Dawes commission, and take away from that number of Cherokees the allotments that have been given them. This means a contest case in every instance and litigation without end for the Cherokees, unless the courts find that these negroes are not entitled to the Cherokee lands they are claiming.

High protection members of the senate within the past week have sought to justify their action in increasing instead of lowering the tariff duties, by repeatedly stating that the present high prices to the consumer are due to combinations on the part of retail dealers throughout the country, and not to the manufacturers who are protected by high tariffs from outside competition. Senator Gore made a vigorous attack on some of the republican senators for these statements. He forced them to admit that the manufacturers sell their goods to retail dealers with a contract that they are not to be retailed below a certain set figure, and in event a retailer cuts the price then the manufacturers refuse to sell him more goods. They black list him. Senator Gore boldly announced that he desired to stand for the retail dealers, and made clear that the retailers do not get their share of the enormous profits that the high prices justify.

The past week has demonstrated that there are ten or eleven democratic senators who are following strange doctrines in the tariff making. They have voted with the high protectionists on nearly every schedule where it was proposed to raise the tariff duties above those in the house bill or over the present law. Now they explain their action and stick to the democratic platform is past understanding. Be it said to their credit neither of the Oklahoma senators have voted a single time to raise the duties, and in every instance their votes have been recorded as favoring decreased duties.

If Oklahoma gets busy in time it has a chance to get federal co-operation in the matter of surveying, gauging and testing the streams of the state to determine just how much water power can be developed in Oklahoma's streams. The geological survey has charge of this work, and in several states is sharing the expense of making this investigation. Minnesota is one of the states into which the government experts have just been ordered. Minnesota pays half the expense. One hundred thousand dollars will be spent in investigating water power there. These government reports are accepted by experts as final and when a stream gets the governments official O. K. for so much water power, it is certain the power is there, and the government report will show approximately how much it will cost to develop it.

Discussion of the question of whether a duty shall be put on crude oil has brought on some illuminating facts about the oil business in Oklahoma. It has been shown that in the mid-continent field there is approximately \$1,500,000,000 invested in the oil and gas business, and that 40,000 people are directly or indirectly interested in the business.

The republican organization of the state has recommended C. O. Hoag, for appointment as receiver of public moneys for the Woodward land office to succeed C. E. Wiggins, deceased. The republicans have failed to agree on a man to be appointed national bank examiner in the northwestern part of the state, to take the place of John Hale, of Chandler, who resigned to go into the banking business at Oklahoma City.

The trouble with psychotherapy in churches, according to the Rev. Dr. Leighton Parks, is that it identifies health with salvation. On the other hand, it might be remarked that the trouble with the churches where psychotherapy is anathema is that they take too little heed of the welfare and happiness of their members this side the grave. Health and salvation are not necessarily inconsistent.

A man detained in New York under sentence of deportation has been promised leniency if he saves his way out of the detention jail, and is now working on the job. It may be all very well for officials to test thus the stoutness of their bars and the integrity of their employees, which happens to be involved, but to the community at large, whose interests are also involved, it seems a queer test to apply to undesirable citizens.

Los Angeles is slow in arriving at the conclusion that it endures an unjust burden in being compelled to care for consumptives who are shipped out there without sufficient means properly to care for themselves. Denver reached this conviction some time ago. Since the fact is becoming known that it is not climate so much as fresh air and plenty of nourishing food that builds up consumptives the rush of such sufferers to the west and south has received a desirable check.

Official figures give a grim picture of conditions that have prevailed in Russia up to a recent date. The police department of the empire reports that from January 1, 1905, to January 1, 1909, there were 3,319 condemnations to death and 1,435 executions. No doubt there has been a great deal of turbulence and crime in Russia, but the statement contains more than a hint that in some instances at least the authorities have worked strenuously and mercilessly to punish political offenses.

If Diogenes had attended a suit in a New York court lately, he would have gasped with amazement, fainted with delight and then doused the glim of his lantern for all time, for that suit developed an honest man, the kind for whom Diogenes looked in vain and who, Shakespeare declared, was one picked out of 10,000. He was a plumber, who testified that after giving an estimate on work he cut down the bill because he found the work less than the estimate called for.

No One Wants to Do It, But Some Paint Will Wear No Longer.

When you have a job of painting done you don't expect to have it done over again very soon. But to make a lasting job, several things must be taken into consideration—the proper time to paint—the condition of the surface—the kind of materials to use, etc. All these matters are fully covered in the specifications which can be had free by writing National Lead Company, 1902 Trinity Building, New York, and asking for Houseowner's Painting Outfit No. 49. The outfit also includes a book of color schemes for both interior and exterior painting, and a simple instrument for detecting adulteration in the paint materials. RASH ALL OVER BOY'S BODY.

Awful, Crusted, Weeping Eczema on Little Sufferer—A Score of Treatments Prove Dismal Failures.

Cure Achieved by Cuticura.

"My little boy had an awful rash all over his body and the doctor said it was eczema. It was terrible, and used to water awfully. Any place the water went it would form another sore and it would become crusted. A score or more physicians failed utterly and dismally in their efforts to remove the trouble. Then I was told to use the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent, and before we had used half the Resolvent I could see a change in him. In about two months he was entirely well. George F. Lambert, 139 West Centre St., Mahanoy City, Pa., Sept. 26 and Nov. 4, 1907."

Judge Will Wait and See.

An earnest plea was made by Attorney Charles Pettijohn to Judge Pritchard of the criminal court for leniency to a client who had entered a plea of guilty to larceny. The burden of the attorney's argument was that his client was the father of twins and was tempted to theft in order to feed the mouths of the infants.

"Your honor, I will say frankly," said Mr. Pettijohn in closing, "that if I were the father of twins and needed food for my family, I would not hesitate to go out and steal it."

"Mr. Pettijohn, when you are the father of twins I will consider your proposition," said Judge Pritchard.—Indianapolis News.

OLD SOAKERS

Get Saturated with Caffeine.

When a person has used coffee for a number of years and gradually declined in health, it is time the coffee should be left off in order to see whether or not that has been the cause of the trouble.

A lady in Huntsville, Ala., says she used coffee for about 40 years, and for the past 20 years was troubled with stomach trouble.

"I have been treated by many physicians but all in vain. Everything failed to perfect a cure. I was prostrated for some time, and came near dying. When I recovered sufficiently to partake of food and drink I tried coffee again and it soured my stomach.

"I finally concluded coffee was the cause of my troubles and stopped using it. I tried tea and milk in its place, but neither agreed with me, then I commenced using Postum. I had it properly made and it was very pleasing to the taste.

"I have now used it four months, and my health is so greatly improved that I can eat almost anything I want and can sleep well, whereas, before, I suffered for years with insomnia.

"I have found the cause of my troubles and a way to get rid of them. You can depend upon it I appreciate Postum."

No Need to Suffer Every Day from Backache.

Mrs. Joannah Straw, 526 North Broadway, Canton, S. D., says: "For three years I suffered everything with rheumatism in my limbs and a dull, ceaseless aching in my back. I was weak, languid, broken with headaches and dizzy spells, and the kidney secretions were thick with solids. I was really in a critical condition when I began with Doan's Kidney Pills, and they certainly did wonders for me. Though I am 51 years old, I am as well as the average woman of 50. I work well, eat well and sleep well."

Early Experiences.

Some time ago an office boy, answering the telephone for the first time in his life, and not knowing how to use it, was told that when the bell rang he was to answer it.

When, therefore, he heard it ring, he picked up the receiver and shouted: "Hello, who's there?"

The answer came back: "I'm 105." "Go on," said the boy. "It's time you were dead."

Beyond Expression

G. W. Farlow, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest nor sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression. "H'm," he muttered, sheepishly. "Looks to me like a rubber tree."

SECRETARY GORE GETS IN ON TARIFF MELEE

DEMOCRATS THE ONLY TARIFF REVISIONISTS AFTER ALL.

Farmers Who Expected the Republicans to Revise the Tariff Downward Have Another Guess.

Washington, D. C., May 17.—Senator Gore has offered an amendment to the pending tariff bill to place the following articles on the free list: Cotton bagging and ties and barbed wire. The senator believes that as these articles are indispensable to the farmers of the country that they should be obtainable at the least possible price.

The farmers of the country who put any faith in the republican promise of tariff revision downward will be sadly disappointed to learn that the republicans unanimously defeated an amendment offered by a democrat to place farming implements on the free list, while the democrats voted solidly for the amendment. The republicans are more friendly to the implement trust than they are to the American farmer.

In last Wednesday's debate in the senate, Senator Flint, Hale and Smoot stated that the retail merchants and jobbers were responsible for the high and exorbitant prices which the consumers are compelled to pay for the necessities of life, and not to the tariff or the trusts.

Senator Gore arose and said that though he was not the chosen defender of the retailers of the country, but in their behalf he desired them and their to enter plea of "not guilty." He showed that certain articles were sold to the retailer by the manufacturer on the express condition that he sell them at a certain price, that the retail price of some brands of shoes, hats, shirts and other clothing are fixed by the manufacturer. Thus the retailer has no option in the matter other than to sell at the price dictated by the manufacturer or be refused further orders of goods. He also said that certain cotton and woolen mills in New England had in 1907 declared dividends of 46 and 47 per cent, which shows conclusively that it is the protected manufacturer who makes the enormous profits and causes the high prices which the consumer has to pay.

Congressman McGuire and Chairman Norris of the Oklahoma republican committee are in the city trying to secure the position of National Bank Inspector for Mr. Butler of Tonkawa. In the opinion of these masters of the republican party in Oklahoma, there is no good republican timber for an office in the entire state outside of the First Congressional district.

NEW JURY TO REPORT AT TULSA TODAY

OHIO WITNESSES ON GROUND READY TO TESTIFY.

Some Jurors Not Expected to Qualify. May Be Delay in Completing the Panel.

Tulsa, May 17.—Today passed without incident in the Muskogee town lot fraud investigation. Nothing new developed and things are at a standstill, pending the arrival of the new grand jury in this city tomorrow.

Many of the Muskogee witnesses who spent Sunday with their families returned to Tulsa this morning.

It is probable that the new jury will not be completed tomorrow, as some of the jurors are expected to disqualify and others may not be found.

The following witnesses summoned last week to testify before the grand jury arrived in Tulsa this morning: J. S. Braley, G. W. Kinney, Toledo, Ohio; C. L. Allen, Fayette, Ohio; Daniel M. Bailey, John H. Bailey, A. Graham, Jr., and A. L. Paul of Ottawa, Ohio; J. B. McCarthy and M. S. Loebeck, Nashville, Tenn.; Dr. W. Jay and wife, St. Mary's, Ohio; M. P. Goetschens, G. W. Risser and W. H. Hayney, Jr., Ottawa, Ohio; D. Kahn, Cincinnati, Ohio; Fred M. Longnecker, Chicago, Ill.; J. M. Longnecker and N. B. Willard, Toledo, Ohio; M. McGrath, Dayton, Ohio; N. S. Walker, Lynchburg, Va.; R. L. Bell, Nashville, Tenn.; H. P. Owen, Clarence R. Liebleinberger, P. Bennett, New Harmony, Ind.

The Ottawa witnesses are more or less acquainted with Governor Haskell, the governor at one time having been a resident of that city.

DISTRICT COURT PROGRESS

Fourteen Convictions Reported While Several Cases Are Dismissed and Continued.

While the regular routine work of the district court is slow, and while it requires much time to dispose of cases as important as those now coming before the court, it is making rapid progress, all things considered. Cases dismissed and continued are not here reported, but following are the convictions up to date:

Barney Carney, murder, five years in the penitentiary and \$1,000 fine.

Bill Watson, shooting with intent to kill, \$100 fine and one day in jail (George Brown, forgery in two cases one year and one day in the penitentiary).

A. C. Bunch, forgery, plead guilty and was given one year and one day in the penitentiary.

Charley Bruner, horse stealing, guilty, sentence pending.

J. C. Perry and Orville Weaver, receiving stolen property, guilty, penalty pending.

Sandy Barnett, assault with deadly weapon, plead guilty, one year and one day in the penitentiary.

Clayton Bruner, assault with deadly weapon, plead guilty and fined \$25.00.

Argis Lavander, horse stealing, plead guilty and was given one year and one day in the penitentiary.

Joe Shotwell, horse stealing, plead guilty and was given two years in the penitentiary.

Charlie Strivers, grand larceny, plead guilty and was given two years in the penitentiary.

Sandy Barnett, assault with deadly weapon, plead guilty and was given one year and one day in the penitentiary.

Cannon Defies Osler.

Washington, D. C., May 17.—"Dr. Osler, I have reached the age of 73 and I shake my fist in your face," said Speaker Cannon in an address before the national association for the prevention of tuberculosis yesterday afternoon. Dr. Osler, the noted physician from Baltimore, was in the audience and laughed heartily at this deft of the old age theory.

Osler, who made the principal address, said that tuberculosis is no longer a problem of doctors and that it probably will take two or three generations to reduce its ravages to the rate at which typhoid fever has been regulated and that the public must awakened to the greater sense of its responsibility in combating the disease.

SECRETARY OF INTERIOR MAKES OIL RULING

INDIANS TO GET ROYALTY OF FORTY-ONE CENTS PER BARREL.

Companies Who Lease From the Indians Say Ruling Is Disastrous.

Washington, May 17.—Secretary Ballinger of the Department of the Interior today made a ruling of far-reaching consequence to oil men who hold oil leases from the Indians under the department of the Interior. He has ordered that hereafter oil men in making settlements with Indians for royalty shall settle with the Indians on the basis of the highest cash price for oil. It is further ordered that the price of 41c as a basis for settlement shall remain in force until the secretary of the Interior sees fit to change the figure.

The Standard Oil company pipe line pays 41c for the oil it takes in its pipe line, but the Gulf and Texas Pipe Line companies pay only 30c. Oil men say that this ruling will result in the pipe lines buying out such leases at their own prices as they need and then paying the Indians whatever price the secretary of the Interior may fix for the oil.

The producers admit that they are not clear just what effect the ruling will have on the oil situation in Oklahoma, but they believe it will prove disastrous for the individuals or companies that lease from the Indians, and must take whatever the oil company will give for their oil and pay to the Indians the sum which the secretary of the Interior fixes for the oil.

HOLDS TAX FERRET LAW VALID.

Judge Sandlin of Logan Superior Court Opines Status Was Legally Enacted.

Ottawa, Ok., May 17.—Judge Sandlin of the Logan county Superior court delivered an opinion today, holding the tax ferret law to have been legally and constitutionally passed by the First legislature, and issued an order vacating the temporary injunction granted in the case of Felix Adler and others of Logan county against county officials to restrain them from collecting back taxes listed by the ferrets. This is the first decision in the state upon the manner of the law's enactment by the legislature, which was severely attacked during the attempt to repeal the law before the second legislature.

Don't fail to attend the meeting of citizens at the court house tonight.

Economy May Be Necessary.

Ottawa, Ok., May 17.—Those state institutions that have expended the appropriations made for them by the First legislature to cover maintenance to June 30 of this year, will probably have to skirt close to the shore. The state Board of Public Affairs will not go beyond the appropriation made for the fiscal year, and in all cases money appropriated by the last legislature does not become available until July 1, 1909.

Appropriations made for specific purposes, it has been held, can not be used for anything else, and when special funds become exhausted, no more money will be available until the new appropriation bill is effective. Some of the institutions have plenty of money, while others are about "broke." The board believes it has no authority to create a deficiency, hence will hold the institutions to their appropriations.

Prisoners to McAlester.

Since district court has been in session the Pontotoc county jail has become crowded to the degree of uncomfortableness. For this reason officials from the sheriff's office left this afternoon for McAlester with fourteen men who have been convicted during the present term and who will be lodged in the state penitentiary to serve their terms.

Judge C. A. Galbraith left this morning for Minneapolis, Minn., where he has business before the U. S. circuit court.

ELKS WILL LAY AWAY THEIR FELLOW MEMBER

From the Shawnee Herald of Sunday. This morning at 9 o'clock a large number of Shawnee Elks will board the Katy train for Ada to conduct the last sad rites over the bier of their departed brother, Dr. H. Brown. The services were postponed Saturday afternoon until today in order to permit of the Shawnee lodge of Elks taking charge of the funeral. This was done by request of the relatives of the deceased and his fellow-townsmen of Ada.

Exalted Ruler J. W. Rubey, C. Ennis and Tom Debruler went to Ada yesterday on behalf of the local lodge of Elks, returning last night to complete arrangements for the services today.

At a called meeting last night a committee of 30 were appointed to officiate at the services and together with many other Elks will take the Katy train this morning. Every Elk, who can possibly do so, will attend, to pay their last respects on this earth to the late Dr. Brown, who was among the first members of the local lodge.

When the news was first received Friday night words of sympathy were dispatched by wire to the surviving relatives.

With the committee yesterday went a magnificent floral tribute to adorn the grave of the one who passed away. In the designs sent were an Elk head covered with roses and carnations, and a beautiful spray of roses; both were neatly tied with purple and white ribbons.

The funeral services will be held at 1:30 o'clock this afternoon, permitting the Shawnee Elks to return on the Katy train that leaves Ada at 4:05 and reaches Shawnee at 6 o'clock this evening.

RECITAL LAST EVENING.

Music Class of Miss Garrott Gives Enjoyable Entertainment.

A number of Miss Garrott's patrons and friends attended the recital Monday evening at the Aldome given by her music class.

It was regretted that a few of the numbers on the program were omitted on account of certain members of the class being ill and unable to attend.

The first two numbers were by the primary pupils, Floyd Haynes and Louise Hardin, who were very cunning at the piano.

The march song was prettily given by four little ones, Hubert Wilson, Floyd Haynes, Louise Hardin and Gussie Levin.

Instrumental selections were well rendered by Misses Gussie Levin, Zona Cummings, Esther Levin, Ruth Smootz, Jewell Broadfoot and Hazel Wilson, all of whom did credit to their teacher. The duet by Miss Garrott and Miss Estelle Torbett was very much enjoyed.

The sweet voices of Miss Mosa Wingo and Mrs. Creveling added pleasure to the evening.

Miss Leona Chaucey, who always delights her hearers, gave several readings.

A very catchy little song, "The Bull Frog and the Coon," sung and acted by Masters Fauntleroy, Sledge, Hardin, and Misses Katz, Jones and Chaucey captivated the audience.

One of the most enjoyable features of the hour was a reading by Miss Johnson, who displayed rare talent in the reading of Hiawatha, that gift of Longfellow, which is always sweet and never grows old. The pretty musical arrangement by Miss Garrott lent charm to the reading.

Miss Johnson's delivery of this reading evidenced superior training and the possession of much culture. She demonstrated that she has no superior in the city in such laudable accomplishment.

Miss Garrott, who came to Ada from Mississippi last fall, has been a popular teacher in this city the past term, and is to be congratulated on good work evidenced by her pupils last evening.

Struck by Lightning.

The residence of Dr. M. W. Ligon was struck by lightning at an early hour this morning. Fortunately no one was injured, but the roof of the house was considerably damaged and the telephone burned out.

Act Cuts Down Schools.

Vinita, Ok., May 17.—According to a statement of Superintendent Benedict, supervisor of Indian schools, one-half of the country schools now being supported by the Congressional appropriation will be discontinued with the present school year. Instructions to this effect have gone forth to the boards of trustees of the schools affected.

This action is necessitated by the action of congress in appropriating but \$150,000 as a maintenance budget in lieu of the \$300,000 appropriation of 1908. This act of congress further provides that when the new state is fully capable of maintaining its own schools independent of federal aid this practice of government maintenance of country public schools will cease.

Motion Is Overruled.

Shawnee, Ok., May 17.—District court convened in the second special session today. Judge Rosser presiding, to try the cases against Judge W. N. Maben and other officials. Judge Maben's cases were called first. Defendant filed amended motion to quash and the motion was overruled. Defendants then filed demurrer, and the demurrer in turn was overruled. Defendant then asked postponement of two weeks to secure witnesses. This last motion was also overruled, and the case will go to trial tomorrow.

EDUCATION OF INDIANS.

Miss Estelle Reel, Superintendent of Indian Schools, Makes Encouraging Report of Commission.

Washington, May 17.—Miss Estelle Reel, superintendent of Indian schools, has submitted a report to the commissioner of Indian Affairs upholding the system of day schools and their influence upon the older Indians. She also says that the introduction of industrial training as the foremost feature of the Indian schools is proving most beneficial.

Among the evidences of the good results of Indian education are the reports of the careers of returned students, which show that they are endeavoring to overcome the environment of camp life and prove themselves worthy of the education they have received.

A feature of the report is the evidence it gives that the Indian is altering his ways of living to meet the requirements of civilization through the educational influence of the government schools.

Miss Reel calls special attention to the necessity for increased effort on the part of physicians and Indian agents to protect the Indians from the ravages of tuberculosis.

BODY TO ITS LAST REST.

Dr. Brownell's Brother Elks Had
Charge of the Last Sad Rites.

From the Shawnee Herald.

Seldom does a citizen receive such
an impressive tribute to his worth
as that displayed by the city of Ada
Sunday when the late Dr. H. Brownell
was laid to rest, his bier surrounded
by numerous of his surviving Elks
brothers of the Shawnee lodge, of
which he was a member, and who
had charge of the last sad rites.

At the family home in Ada a brief
service was held. Exalted Ruler J.
W. Ruber presided and Chaplain G.
R. Wiley led in prayer

The Shawnee Elks then formed a
line on either side, and between these
two rows of sorrowing brothers, the
bier was carried to the waiting
hearse. The Elks escorted the fun-
eral to the church where seasons
were delivered by both the Methodist
and the Presbyterian ministers.

At the cemetery, where an im-
mense concourse of people were as-
sembled, the Elks again took charge.
It was an exceedingly sad occasion,
one that deeply touched all present.

The many friends and brother Elks
of the late physician, who came to
his death from blood poison contract-
ed while operating on a patient, heap-
ed innumerable floral designs at his
grave. His death was that of a mar-
tyr to the cause of charity.

THE BOOZE DETECTIVES HAVE DAY IN COURT

THEIR CHARACTER ATTACKED BY
PROSECUTION THROUGH MEN
IN CITY.

The Man who caused the Raid of the
Johns Up and Down the Street
Shows Good Defense as Far
as Late Residence is
Concerned.

City court was crowded to suffoca-
tion with men this afternoon hearing
the case of the city vs. a Mrs. Edith
Davis, charged with improper con-
duct. This trial, to this time has
produced the allegation from several
that this woman has been guilty in
instances of improper actions.

The defense against the complaint
lodged by the city showed that Mrs.
Davis and a Mr. C. W. Bracken
came to M. M. Sanders' home on
Broadway about five weeks ago rep-
resenting that they were brother and
sister, that during the time of their
residence there, they had been very
quiet, and satisfactory roomers in
every particular and maintained at-
titude toward each other beyond any
reasonable question of brother and
sister. Captain and Mrs. Sanders de-
clared, on the witness stand, that
they only knew Mr. Bracken and
Mrs. Davis as roomers, but on ac-
count of their regard for proprieties
and proper conduct in every particu-
lar, since they did not know the
business in which the couple were
engaged, they had taken occasion to
keep a careful watch on them, and
in no instance had they witnessed
anything of a suspicious nature

The defense, conducted by Judge
McKeel, developed the very interest-
ing fact that this Mr. Chas. William
Bracken was a detective, holding a
deputy sheriff's commission from the
sheriff of Pontotoc county and en-
gaged to run down whiskey peddlers,
bootleggers and blind tigers, that
he had the co-operation as Rev.
Smootz, pastor of the Christian
church, on the witness stand very
forcibly expressed it "of the loyal
citizens of this city." It appears that
it is this Mr. Bracken who has
been principally instrumental in the
late arrests for the sale and pos-
session up and down the streets of
different articles of booze. Aside from
Rev. Smootz and Mr. and Mrs. Sand-
ers, who testified in behalf of the
defense, Mr. Frank Jackson, one of
the best men of the city, stated that
he had met Mr. Bracken soon after
his first appearance in this city as
he understood and had been sym-
pathetic toward seeing something
done toward the expulsion of such a
state of affairs as appeared to exist.

As the trial continued during the
afternoon there developed a showing
of a very mixed state of affairs. If
the allegations of several witnesses
may be taken into account both
Bracken and his alleged sister and
assistant, Mrs. Davis, are very con-
temptrible characters, however, might
be considered the value of their ef-
forts as detectives.

Considering the excellent citizen-
ship qualifications of Rev. Smootz,
Mr. Frank Jackson and others who
afforded the sheriff their endorse-
ments of his employment of Bracken
as a detective to ferret out the sale
of booze in the city of Ada there
is no doubt but that they deserve
the sympathy and condolence of the
members of the law and order league
of Ada that they were so taken
in that Bracken was enabled to se-
cure their co-operation

Another Arrest.

Andy Scribner, brother to Dan,
John and Frank Scribner, who are
already in jail, was arrested today
in connection with the same charge,
that of complicity in the murder of
Mrs. Frank Scribner, and placed in
the Pontotoc county jail. He is said
to reside near Citra, and was appre-
hended by the officers near that
place

Developments in this case are ma-
terializing slowly, but from the num-
ber of arrests, and the relation of
those arrested to the murdered vic-
tim, it bids fair to develop into a
case of such importance as to attract
the widest attention.

Farmers' Institute Organized.

J. E. Elliott, member of the Board
of Agriculture for Oklahoma and one
of the most influential citizens of
Garvin county together with T. N.
Jeffords, conductor of institute, and
Prof. Miller of the A. & M. College
were here today, and in the afternoon
organized the Pontotoc County Farm-
ers' Institute.

The officers chosen are: J. J. Bur-
ton, president, Captain Hammond,
vice president; and M. F. Dew, sec-
retary and treasurer. Carlton Weav-
er was elected county delegate to the
annual state institute when three
members of the Board of Agriculture
will be chosen.

You will hear more of the county
institute later.

HON. DORSET CARTER WILL HELP ADA BUILD RAILROAD

ADA TERMINAL RAILWAY ORGA-
NIZED—A STRONG LOCAL DI-
RECTOR SELECTED.

Hon. Dorset Carter, chief executive
of the Oklahoma Central Railway,
came in last afternoon and this
morning concluded all the details to-
ward the perfection of the agree-
ment whereby there is organized in
Ada, the Ada Terminal Railway Com-
pany, who will construct at once the
Oklahoma Central Railway into and
through the manufacturing district
of this city. The charter has been
drawn and such articles of corpora-
tion will be filed by Mr. Carter with
the secretary of state tomorrow.

The board of directors of the Ada
Terminal Railway Company are: Ad-
am Beck, Tom Hope, A. K. Thorn-
ton, P. A. Norris, H. T. Douglas, more
properly representing the city of Ada
and Dorset Carter and some one se-
lected by him more properly repre-
senting the O. C. Ry.

Full particulars regarding Ada's
contract with Mr. Carter and the
process of action required to build
this terminal railway and other im-
portant connections of interest to
this city will be published in to-
morrow's issue of the News. Read to-

Notice to Contractors.

The Incorporated City of Ada, Okla-
homa, will receive sealed bids until
six o'clock P. M. May 31, 1909, at the
office of W. B. Jones, City Clerk of
the City of Ada, Oklahoma, for the
construction of extensions to the wa-
ter works system. The work covered
by the proposal will consist of lay-
ing complete 15,160 feet 4 inch Uni-
versal Pipe, setting all hydrants,
valves and fittings, raking up and re-
laying 1146 feet 2 inch Universal pipe,
all to be done in accordance with
plans and specifications prepared by
the city engineer and now on file in
his office and in the office of the
city clerk. Each bid must be ac-
companied by a certified check, equal
to five per cent of the bid, which
check will be forfeited to said city
in the event of the successful bidder
failing to enter into contract and ex-
ecute a construction bond that is sat-
isfactory to the Mayor and city coun-
cil within the time as given in the
proposal. All bids submitted to the coun-
cil must be made upon blanks fur-
nished by the city engineer. The suc-
cessful bidder shall be required to
execute unto said city a good and
sufficient bond, equal to 50 per cent
of the contract price to guarantee the
faithful performance of said work.
Four per cent of said contract price
shall be paid unto said city for en-
gineering expenses. The said City
council reserves the right to reject
any or all bids, to waive defects and
to accept any bid. W. B. Jones,
City Clerk.

EDITORIAL AND OTHERWISE.

From Oklahoma Baptist Journal.

Men undertake to be spiritual, and
they become ascetic or, endeavoring
to hold a liberal view of the com-
forts and pleasures of society, they
are soon hurried in the world, and
slaves to its fashions; or holding a
scrupulous watch to keep out every
particular sin, they become legal, and
fall out of liberty, or, charmed with
the noble and heavenly liberty, they
run to negligence and irresponsible
living, so the earnest become violent,
the fervent fanatical and censorious,
the gentle waver, the firm become
bigots, the liberal grow lax, the be-
nevolent ostentatious. Poor human
infirmary can hold nothing steady.
When the pivot of righteousness is
broken, the scales must needs slide
off their balance.

When I see the blood I will pass

The blood on the lintel secured
Israel's peace. There was nothing
more required in order to enjoy set-
tled peace. In reference to the de-
stroying angel, then the application
of the blood of sprinkling. God did
not add anything to the blood, be-
cause nothing more was necessary
to obtain salvation from the sword of
judgment. He did not say, "When I
see the blood, and the unleavened
bread or bitter herbs, I will pass over
you." By no means. These things had
their proper place and proper value;
but they never could be regarded as
the ground of peace in the presence
of God.

If an Israelite had been asked as
to his enjoyment of peace, what
would he have said? Would he have
said, "I know there is no other way
of escape but by the blood of the
Lamb; and I know that this is a
divinely perfect way; and, moreover,
I know that blood has been shed and
sprinkled on my door-post; but some-
how I do not feel quite comfortable.
I am not sure I am safe. I fear I do
not value the blood as I ought, not
loving the God of my fathers as I
ought." Would such have been his

answer? Assuredly not. And yet hun-
dreds of professing Christians speak
thus, when asked if they have peace.
They put their thoughts about the
blood in place of the blood itself, and
thus in result make salvation as
much dependent upon themselves as
if they were to be saved by works.

The present frontier Movement in
the Southwest is unique in character
and unparalleled in its proportions.
It is hard to make its largeness stand
out as a living fact before the mind.
The imagination has a way of mini-
mizing things that are in the dis-

ance, like the perspective of a land-
scape before the eye.

Nor has the frontiersman, not-
withstanding his new trick of form-
ing a town in a day and issuing a
newspaper the next morning, that
the citizen may read it as he mun-
ches his breakfast of tinned meats at
a cracker-box breakfast table, the
while he watches out of the tail of
his eye the lot he staked and claimed
yesterday—the frontiersman has not
yet found a voice wherewith effec-
tively to impress the big, news-greedy
world as to the great opportunity to
create moral values in his new land
of promise. He has so many things
to do that seem more urgent than
the practice of the arts of the ready
writer, and they who write of him

tell only of his material prospects.
PRESENT MISSIONARY NEEDS IN
THE SOUTHWEST.

Whatever Christian denomination
is to figure largely in the Southwest
must begin now. It must invest large-

ox-team and schooner methods.—

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. OUR GUTHRIE LETTER

Guthrie, Okla., May 17.—The state democratic press association, in session at Claremore last Saturday, passed the following resolutions: Resolved that we, the democratic editors of Oklahoma, in convention assembled, heartily endorse the Taylor election law as a measure tending to place the government of the state in the hands of the intelligent voters of the state, and as discouraging the recent deplorable practice of making Oklahoma the dumping ground of ignorant negroes from all the southern states, for the sole purpose of influencing and controlling the politics of the state.

We believe that in sustaining the law that we make of Oklahoma a white man's country and that to reject it will be to insure negro domination, depreciation of property and to lower the grade of our citizenship.

We deplore the misrepresentation that have been circulated by a certain class of politicians for the purpose of prejudicing the minds of the people against the law and we pledge our earnest endeavors to place the whole law before the people for their unbiased consideration.

Resolved: That the representatives of the democratic press eagerly grasp the present opportunity to unite in a condemnation of infamous tactics followed by the national campaign committee in attempting to make political capital by placing our constitution and persecuting the executive of our state.

Knowing as we do that the reason actuating the national republican committee is to be found in the position taken by the democracy of this, the youngest state in the union, upon the firing line of progress and knowing that the republican party sees final defeat and ultimate oblivion for itself in the growth of Oklahoma ideas, we pledge ourselves individually and collectively to use every means within our power to defeat the nefarious schemes of the National Republican committee to further its selfish interests at the expense of this, the best brightest and most progressive state in the union.

The state board of agriculture is in receipt of a complaint from Joseph, a creamery man of Cushing, Oklahoma, in which he bitterly complains of the unfair competition of the Continental Creamery Company in an effort to force independent creameries from the field.

He charges that the Continental puts the price up but at the same time makes the test higher than the standard thus gaining by fraud what they have lost by paying above the market. He also charges that the Continental will pay above the market where there is independent competition but that on the same day they buy for two or three cents less at places where there is no competition.

The matter has been referred to the attorney general and it is not unlikely that if the facts as alleged above can be substantiated, that Oklahoma will have the opportunity of witnessing a battle between its legal department and that great and powerful corporation, the Continental Creamery company.

In a somewhat lengthy opinion to the State Board of Agriculture the attorney general states that the rentals from the college lands are available and may be divided among the colleges without a specific legislative appropriation. This opinion is of great importance to the schools as it would have been very difficult to have paid the coming years expenses without this aid and the money would have been locked up in the treasury where it would have done good to nobody.

OUR MASHING LETTER

Washington, May 17.—It appears that the government is never going to cease plunging Oklahoma into litigation over the Indian land titles which it attempted to give to individual Indians when it insisted that tribal relations should be broken up. The latest is a decision in the court of claims whereby the avenue is opened up for 1400 freedmen claimants to establish proof that they were improperly rejected by the Dawes commission, and take away from that number of Cherokees the allotments that have been given them. This means a contest case in every instance and litigation without end for the Cherokees, unless the courts find that these negroes are not entitled to the Cherokee lands they are claiming.

High protection members of the senate within the past week have sought to justify their action in increasing instead of lowering the tariff duties, by repeatedly stating that the present high prices to the consumer are due to combinations on the part of retail dealers throughout the country, and not to the manufacturers who are protected by high tariffs from outside competition. Senator Gore made a vigorous attack on some of the republican senators for these statements. He forced them to admit that the manufacturers sell their goods to retail dealers with a contract that they are not to be retailed below a certain set figure, and in event a retailer cuts the price then the manufacturers refuse to sell him more goods. They black list him. Senator Gore boldly announced that he desired to stand for the retail dealers, and made clear that the retailers do not get their share of the enormous profits, that the high prices justify.

The past week has demonstrated that there are ten or eleven democratic senators who are following strange doctrines in the tariff making. They have voted with the high protectionists on nearly every schedule where it was proposed to raise the tariff duties above those in the house bill or over the present law. Now they explain their action and stick to the democratic platform is past understanding. He it said to their credit neither of the Oklahoma senators have voted a single time to raise the duties, and in every instant their votes have been recorded as favoring decreased duties.

If Oklahoma gets busy in time it has a chance to get federal co-operation in the matter of surveying, gauging and testing the streams of the state to determine just how much water power can be developed in Oklahoma's streams. The geological survey has charge of this work, and in several states is sharing the expense of making this investigation. Minnesota is one of the states into which the government experts have just been ordered. Minnesota pays half the expense. One hundred thousand dollars will be spent in investigating water power there. These government reports are accepted by experts as final and when a stream gets the governments official O. K. for so much water power, it is certain the power is there, and the government report will show approximately how much it will cost to develop it.

Discussion of the question of whether a duty shall be put on crude oil has brought out some illuminating facts about the oil business in Oklahoma. It has been shown that in the mid-continent field there is approximately \$1,500,000,000 invested in the oil and gas business, and that 40,000 people are directly or indirectly interested in the business.

The republican organization of the state has recommended C. C. Hong, for appointment as receiver of public moneys for the Woodward land office to succeed C. E. Wiggins, deceased. The republicans have failed to agree on a man to be appointed national bank examiner in the north-western part of the state, to take the place of John Hale, of Chandler, who resigned to go into the banking business at Oklahoma City.

Naples has lost Roosevelt, but it still has Vesuvius.

Yes, the wages of sin is death—and nine times out of ten it is paid to the woman.

The trouble with many of these fair agitators of pure food is that they are unwilling to cook it.

The news that the south pole is on a high plateau will excite no surprise. Poles are generally found on flat forms.

A Boston woman is said "to have embraced 23 different religions," but it is not known how many of them she has practiced.

The needless compass has been invented. The next thing on the program in logical order to be announced is the northless pole.

Twenty Prussian children under the age of 15 killed themselves because disappointed in love last year. Poor little rascals!

Crown Prince George of Serbia will probably be happier as a plain citizen in some democratic country than as king of a troublesome empire.

It may seem a little lonely for Cuba to proceed as a hard-working, business-like country instead of being an object of international concern.

A girl in a New York town, whom a young man of the place jilted, lost her speech, too late for the false lover to realize what he had missed in chances for a happy marriage.

It appears to be a fact that the social whirl leads to more nervous prostration, melancholia and even suicide than hard work. And in this fact lies a moral which be who runs may read.

Only about 314 miles of frozen wastes remain to be covered to bring the explorers to both poles. But every mile can be a fearful distance when men are at the extreme limit of their endurance.

The new emperor of China, with all the wealth and power of oriental despotism to be his, cries day and night for the nurse from whom he has been taken. Here is an anti-climax of human greatness!

The trouble with psychotherapy in churches, according to the Rev. Dr. Leighton Parks, is that it identifies health with salvation. On the other hand, it might be remarked that the trouble with the churches where psychotherapy is anathema is that they take too little heed of the welfare and happiness of their members this side the grave. Health and salvation are not necessarily inconsistent.

A man detained in New York under sentence of deportation has been promised leniency if he saws his way out of the detention jail, and is now working on the job. It may be all very well for officials to test thus the stoutness of their bars and the integrity of their employes, which happens to be involved, but to the community at large, whose interests are also involved, it seems a queer test to apply to undesirable citizens.

Los Angeles is slow in arriving at the conclusion that it endures an unjust burden in being compelled to care for consumptives who are shipped out there without sufficient means properly to care for themselves. Denver reached this conviction some time ago. Since the fact is becoming known that it is not climate so much as fresh air and plenty of nourishing food that builds up consumptives the rush of such sufferers to the west and south has received a desirable check.

Official figures give a grim picture of conditions that have prevailed in Russia up to a recent date. The police department of the empire reports that from January 1, 1905, to January 1, 1909, there were 2,319 condemnations to death and 1,435 executions. No doubt there has been a great deal of turbulence and crime in Russia, but the statement contains more than a hint that in some instances at least the authorities have worked strenuously and mercilessly to punish political offenses.

If Diogenes had attended a suit in a New York court lately, he would have gasped with amazement, fainting with delight and then doused the glim of his lantern for all time, for that suit developed an honest man, the kind for whom Diogenes looked in vain and who, Shakespeare declared, was one picked out of 10,000. He was a plumber, who testified that after giving an estimate on work he cut down the bill because he found the work less than the estimate called for.

Des Moines wants a censor of public morals. Think of the conceit of a man who would apply for a job like that.

An Arab gentleman who filled the position of astrologer to the sultan of Turkey has just died. He promptly accepted the new regime when the Young Turks came into power, but for all that was banished and died in the place of his retirement. Whatever he may have predicted for others, his own star appears to have been un lucky.

No One Wants to Do It, But Some Paint Will Wear No Longer.

When you have a job of painting done you don't expect to have it done over again very soon. But to make a lasting job, several things must be taken into consideration—the proper time to paint—the condition of the surface—the kind of materials to use, etc. All these matters are fully covered in the specifications which can be had free by writing National Lead Company, 1902 Trinity Building, New York, and asking for Houseowner's Painting Outfit No. 49. The outfit also includes a book of color schemes for both interior and exterior painting, and a simple instrument for detecting adulteration in the paint materials. The outfit will solve many painting problems for every houseowner.

Meantime while buying paint see that every white lead keg bears the famous Dutch Boy Painter trademark, which is an absolute guarantee of purity and quality. If your paint dealer cannot supply you National Lead Company will see that some one else will.

RASH ALL OVER BOY'S BODY.

Awful, Crusted, Weeping Eczema on Little Sufferer—A Score of Treatments Prove Dismal Failures.

Cure Achieved by Cuticura.

"My little boy had an awful rash all over his body and the doctor said it was eczema. It was terrible, and used to water awfully. Any place the water went it would form another sore and it would become crusted. A score or more physicians failed utterly and dismally in their efforts to remove the trouble. Then I was told to use the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Resolvent, and before we had used half the Resolvent I could see a change in him. In about two months, he was entirely well. George F. Lambert, 139 West Centre St., Mahanoy City, Pa., Sept. 26 and Nov. 4, 1907." Potter Drug & Chem. Corp., Sole Props., Boston.

Judge Will Wait and See.

An earnest plea was made by Attorney Charles Pettijohn to Judge Pritchard of the criminal court for leniency to a client who had entered a plea of guilty to larceny. The burden of the attorney's argument was that his client was the father of twins and was tempted to theft in order to feed the mouths of the infants. "Your honor, I will say frankly," said Mr. Pettijohn in closing, "that if I were the father of twins and needed food for my family, I would not hesitate to go out and steal it." "Mr. Pettijohn, when you are the father of twins I will consider your proposition," said Judge Pritchard.—Indianapolis News.

Wealth of Melody.

After a hard day in Wall street he had been dragged by his spouse to the opera, where he promptly proceeded to take a nap. In the midst of it he was awakened by this in the most soulful accents: "Ah! What a rich chord! Isn't it, dear?" "Er—ah—yes—how much would you say it's worth?" he murmured.

The Tally.

"What are those notches in your gun?" asked the flirt, who was visiting the ranch. "They represent men," replied Cactus Slim, "who thought they wuz smarter than I wuz." "A good idea! I'll have to notch my parascot handle."

OLD SOAKERS

Get Saturated with Caffeine.

When a person has used coffee for a number of years and gradually declined in health, it is time the coffee should be left off in order to see whether or not that has been the cause of the trouble.

A lady in Huntsville, Ala., says she used coffee for about 40 years, and for the past 20 years was troubled with stomach trouble.

"I have been treated by many physicians but all in vain. Everything failed to perfect a cure. I was prostrated for some time, and came near dying. When I recovered sufficiently to partake of food and drink I tried coffee again and it soured my stomach.

"I finally concluded coffee was the cause of my troubles and stopped using it. I tried tea and milk in its place, but neither agreed with me, then I commenced using Postum. I had it properly made and it was very pleasing to the taste.

"I have now used it four months, and my health is so greatly improved that I can eat almost anything I want and can sleep well, whereas, before, I suffered for years with insomnia.

"I have found the cause of my troubles and a way to get rid of them. You can depend upon it I appreciate Postum."

"There's a Reason." Read "The Road to Wellville," in pkgs.

No Need to Suffer Every Day from Backache.

Mrs. Joannah Straw, 526 North Broadway, Canton, S. D., says: "For three years I suffered everything with rheumatism in my limbs and a dull, ceaseless aching in my back. I was weak, languid, broken with headaches and dizzy spells, and the kidney secretions were thick with solids. I was really in a critical condition when I began with Doan's Kidney Pills, and they certainly did wonders for me. Though I am 81 years old, I am as well as the average woman of 50. I work well, eat well, and sleep well."

Early Experiences.

Some time ago an office boy, answering the telephone for the first time in his life, and not knowing how to use it, was told that when the bell rang he was to answer it.

When, therefore, he heard it ring, he picked up the receiver and shouted: "Hello, who's there?"

The answer came back: "I'm 105." "Go on," said the boy. "It's time you were dead."

Beyond Expression

G. W. Farlow, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest nor sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression."

Hunt's Cure is a guaranteed remedy for all itching diseases of the skin. Price 50c.

The Small Brother Again.

It was the first warm night of springtime, and they sat out in the park under the stars. Suddenly there was the sound of a snapping twig in the tree near them.

"Dear me, George," she whispered. "What kind of a tree is that?"

George looked up and discovered a pair of juvenile eyes peering through the branches.

"H'm," he muttered, sheepishly. "Looks to me like a rubber tree."

Too Wise.

"Will you take a chance on kissing a pretty girl?" asked the young lady with the raffie tickets at the church fair. The crusty and confirmed bachelor held up his hands in horror. "What, me?" he gasped. "No, indeed, I don't take any such chances as those. Chap took a chance like that one time and six months later he married the young lady."
